House Will Complete Organization On Next Tuesday

MORATORIUM TO BE FIRST MEASURE UP

Tax Bill Probably Will Be Next in Order According to Speaker Garner

COMMITTEES NAMED

Senate Not in Session and Leaders Devote Time to Informal Meetings

WASHINGTON, Dec. 11.—(UP)—Speaker Garner of the house of representatives said today that the house would complete organization of its committees and be ready for consideration of legislation by next Tuesday.

The Hoover one year moratorium on European debts will be taken up first, he said, probably Tuesday or Wednesday.

A tax bill, he believed, would follow consideration of the moratorium.

The tax bill, however, may be delayed in reaching the floor through the necessity of holding committee hearings. Garner said that committee consideration of the tax bill probably would begin by Tuesday.

The senate did not convene today, leaders devoting their time to informal conferences through which they hope to break the deadlock over the election of a president pro tempore.

The resignation was tendered to Emperor Hirohito at 5:30 p. m.

TWO KILLED AS STORMS SWEEP OVER ARKANSAS

Six Persons Injured and Houses Are Reduced to Kindling Wood

TEXARKANA, Ark., Dec. 11.—(UP)—Two persons were killed today in a great wind storm that made kindling wood of houses in its path a mile and a half north of here.

J. Ed Campbell and Mrs. H. L. Hervey were killed. Six other persons were injured in the storm.

The damaging wind wrecked three houses in its path. The front of the storm was from northwest and struck the section about 4:20 a. m. today.

After the wind had subsided, a torrential downpour flooded the section.

The twisting winds dipped to the vicinity of the Richardson dairy northwest of the city and swept a wide path for a distance of approximately three miles.

The Hardin house was blown to bits, the J. Ed Campbell house directly across the road from Hardin's and the Perry residence, a short distance north, were scattered over an area of several acres. Nothing remained of the Hardin home but the brick foundation.

Hardin's body was found 200 feet from where the house stood.

Mrs. Perry was picked up by J. B. Richardson about 50 feet north of where her house had been. He rushed her to the hospital but she died in a few minutes.

ARREST YOUTH ON CHARGE OF MURDER

WATERVILLE, Me., Dec. 11.—(UP)—Merton Levine, 24, son of a wealthy cattleman, was arrested today on a charge of murdering his 20-year-old brother, Abraham, as the climax, police said, of a love affair involving a negro maid.

Miss Eleanor Johnson, the maid employed in the sumptuous Levine home here, was arrested and charged with being an accessory before and after the fact.

Police also held as material witnesses Samuel Morrison, 50, a negro described as a friend of Miss Johnson, and Miss Emil Boyie, said to be Morrison's sweetheart.

Abraham Levine was shot to death with a revolver more than 11 weeks ago while writing a check. The name of the negro maid figured prominently in the investigation that followed.

YOUTH CONFESSES SHOOTING FRIEND

LOS ANGELES, Dec. 11.—(UP)—A youth who gave his name as Cleveland Robertson, 17, of Greenville, S. C., confessed today that he shot a man who had befriended him when the man resisted his attempt to rob him, police announced after an hour's questioning.

Police said the boy confessed that he accepted the invitation of A. R. Scharter, 32-year-old sign painter, to share his bungalow court last night, and that Scharter showed fight when he thrust a gun in his back. In the struggle which followed according to the asserted confession, Scharter was shot twice.

Police said the boy admitted having been an occupant of reformatories in the south and southwest.

51 ITINERANTS REGISTER WITH POLICE CHIEF

Given Three Days Lodging and Board—Must Find Work in That Time

FIFTY-ONE MEN, all out of work, yesterday signed up with the police for free board and lodging in Santa Ana for three days, under the new police and unemployment committee plan of registering all itinerants who appear at the Salvation Army headquarters in search of assistance, according to an announcement made by Floyd W. Howard, chief of police, whose duty it is to record all the men.

The plan is to have the men register. Then they are sent to the Salvation Army where they are fed and housed for three days, giving them a chance to find work here. At the end of that time, they must leave the city if they have not found work, or, if eligible, are sent to the state work camp which has been opened for residents of other states.

About 75 per cent of those who registered yesterday are not eligible for state road camp work, their records show, for most of them were residents of the state of California.

Out of the 50 men who signed up, only three reported they had dependents.

Howard said he was of the opinion that more than 100 would probably be registered today, pointing out that yesterday was the first day that registrations were not started until 10 a. m. and that it was not too generally known that the new order for itinerants had gone into effect here.

MONEY GIANTS BATTLING FOR BANK CONTROL

Executives of Trans-America Accept Challenge of Ex-president

SAN FRANCISCO, Dec. 11.—(UP)—Money giants fought for a billion dollar prize today when executives of Transamerica corporation, the nation's largest holding company, accepted the challenge of A. P. Giannini to a race for proxies to 25,000,000 shares of stock.

While stock in the one time \$1,000,000,000 bank combine sank to a new all-time low, charges and counter charges were hurled by the rival financiers as they opened a "battle to the death" which will culminate in an annual meeting next February 15.

Giannini, who founded Transamerica from a group of subsidiaries that grew out of his powerful Bank of Italy, emerged from one of his many "retirements" to lead the fight against Chairman Elisha Walker, sponsor of the corporation's widely discussed reorganization plan.

The appeal of Chairman Walker and President James A. Bacigalupi for proxies to oppose "enemies of Transamerica" was the first break in the silence they have maintained ever since Giannini announced his active intervention in the reorganization. The 64-year-old California financier, one of the pioneers of branch banking, retired from the board several months ago when the first indications of a rift were apparent.

Giannini made an initial bid last month for proxies on behalf of associated Transamerica stockholders with the statement that at the next annual meeting he would oppose Walker's re-election as well as the reorganization. Walker and Bacigalupi replied to this last night with their own appeal, describing Giannini's charges as "inaccurate and misleading."

They set the stage for a conflict of financial forces without a rival since the Indiana Standard Oil and Youngstown Sheet & Tube-Bethlehem Steel battles.

The Giannini group has claimed proxies of 175,000 of the corporation's 245,000 stockholders as well as a majority of the outstanding shares. It was evident, however, that Walker and Bacigalupi believed there were available sufficient proxies to defeat Giannini.

The reorganization, whereby Walker proposed to relinquish

IMPEACHMENT OF MELLON TO BE DEMANDED

Texas Democrat to Introduce Proceedings Soon in Lower House

WASHINGTON, Dec. 11.—(UP)—A resolution calling for the impeachment of Secretary of the Treasury Mellon will be introduced in the house in about 10 days, Representative Patman, democrat, Texas, said today.

Patman said he had nearly completed gathering data to back up his charges against Mellon. The charges will be based on an old law forbidding the secretary of the treasury to engage in business.

The Texas democrat several months ago announced his intention of seeking Mellon's impeachment. Secretary Mellon's friends explained then that a similar charge had been brought against the treasury head when he first took office and Mellon was exonerated after investigation by a senate committee.

Mellon, when he became treasury head gave up his directorship in the numerous corporations in which he holds an interest. He had his lawyers look into the matter and they informed him he could legally retain his stocks in these companies. The secretary's holding extends to all parts of this country as well as foreign countries. He is reputed to be one of the richest men in the world.

Under the customary procedure, Patman's resolution will go to the judiciary committee. In impeachment cases, the house must formally approve the charges and the trials are held by the senate. There have been very few impeachment trials in the nation's history, though house members often have tried to institute proceedings.

NINE ARE ARRESTED AS COUNTERFEITERS

LOS ANGELES, Dec. 11.—(UP)—With eight men and a woman held in Los Angeles and Long Beach, United States secret service agents today were engaged in rounding up members of a counterfeiting gang which is believed to have flooded Southern California with thousands of dollars in bogus \$20 bills.

Though the agents refused to disclose details, the gang was said to have operated four "plants" in Southern California cities.

More than \$30,000 in spurious bills were said to have been seized and expensive dives for making the bills confiscated.

Working with utmost secrecy the agents descended on the Long Beach plant and arrested five men and a woman. From Long Beach the officers went to Wilmington, where another man was arrested, and two more were picked up in Los Angeles. The secret service men were reported today to be seeking more members of the gang in Pasadena where another plant was said to be located.

STATE CAMPS WILL BE OPEN NEXT WEEK

SACRAMENTO, Calif., Dec. 11.—(UP)—More than 1000 unemployed men will be working for their meals and board at state labor camps by next week, it was announced here today by W. B. Rider, deputy state forester.

Expenditure of \$1000 for purchase of clothing, shoes, cook stoves, and other equipment will make possible the addition of 500 men to the 500 who are already employed at six camps, Rider said.

Two unemployment committees will meet at San Francisco December 16 to discuss further measures of unemployment relief.

12 HOUR SNOWFALL IN HIGH SIERRAS

SACRAMENTO, Calif., Dec. 11.—(UP)—A 12-hour snowfall at the summit of the high Sierra today had brought the total depth to 40 inches, and lent new encouragement to ski contests and winter games now being planned.

Weather today was generally fair and cold, while the state highway across the mountains remained closed. As soon as the storm is definitely spent, the state highway snowplows will go into action in the hope of clearing the way for automobile traffic.

The cold rain kept the thermometer down to a maximum of 44 degrees, while 35 degrees was low in Sacramento.

NEXT STATE FAIR WILL BE GREATEST

SACRAMENTO, Calif., Dec. 11.—(UP)—Plans were under way today for making the 1932 state fair the greatest in the state's history, following a meeting of the California state fair board.

The fair will honor the memory of George Washington, whose 200th birthday anniversary is to be celebrated throughout the country next year. Thousands of visitors to the Olympic Games in Los Angeles are expected to attend.

Planning to make the horse show an affair of international importance, the board authorized Charles W. Paine, re-elected secretary-manager, to arrange for participation of many of the famous steeplechasers and jumpers which will be brought to the state for the Olympiad.

SOME FAVOR IN CASE OF DISARMING

Borah Willing to Change Vote if Europe Will Cut Out Arms

(Copyright, 1931, by United Press)

WASHINGTON, Dec. 11.—(UP)—Senators of all hues, Republicans and Democrats, Progressives and Conservatives are of nearly one mind on debt cancellation. They are against it.

Half of the 96 senators were polled indiscriminately by the United Press today for a cross-section view on the question: "Do you favor debt cancellation?"

The replies showed:

43 noes.
1 favorable.
3 doubtful.
1 non-committal.

The result was virtually a senatorial shout of "No," but the answers revealed there is a strong belief among senators that reduction and possibly cancellation is a possibility whether or not they want it.

Half a dozen senators emphatically against cancellation were willing to change if Europe would disarm. This group, led by Senator Borah, would link debts with reparations to get real disarmament out of the debt burdened, tax suffering European nations.

The one favorable vote, cast by Senator Copeland, Dem., N. Y., was conditioned on cancellation of reparations. Copeland thought

LENZ, JACOBY LEAD SLASHED BY CULBERTSON

Third Night's Bridge Play is Featured By Wrangling of Players

NEW YORK, Dec. 11.—(UP)—The post mortem boys passed up sleep and even breakfast today to mull and fuss over the results of last night's session in the Culbertson-Lenz contract bridge battle—a session replete with quibbling, quarreling, and the plain garden variety of back talk.

If it's possible for a half dozen rubbers of bridge to be thrilling, then last night's affair was precisely that through six hours of play, until Ely Culbertson, on the last hand of the final rubber, made the company's eyes pop out with the most spectacular hand of the match.

Sidney Lenz and Oswald Jacoby, practitioners of the official, 1-2-3 system of bidding, had been plunging along, holding their slight lead over Ely and Josephine Culbertson. Then, like a bolt out of the blue, Ely bid spades, with only four trumps to the nine, for game and two over tricks, slashing 720 points off the Lenz lead and capturing the evening's honors for himself and wife by the lean margin

BRASS BANDS PLAY AS MAN CONVICTED

CLARKSBURG, W. Va., Dec. 11.—(UP)—Brass bands blared forth martial music on streets near the jail last night, and gave Harry F. Powers, convicted murderer of Dorothy Lemke, a restless night as he awaited an appeal that may save his life.

The mail order Romeo who played his knowledge of feminine "psychology" to the last—to a mandatory sentence to death by hanging—was scheduled to be sentenced Saturday.

He was convicted by a jury shortly after 5 o'clock last night.

The music of the parading bands enroute to a town festival was accepted as a demonstration of confidence in the jury of farmers and tradesmen who convicted Powers.

Powers will be led before Judge John C. Southern and sentenced to death, Saturday.

MRS. LOUISE PEETE ASKS FOR PAROLE

SAN QUENTIN PRISON, Cal., Dec. 11.—(UP)—Mrs. Louise Peete, 38, serving a life sentence for the slaying of Jacob Denton, wealthy Los Angeles mining man, applied for the second time today for a parole.

Her first application in 1929 was refused because she had not served the 10-year minimum demanded in murder cases. She entered prison Dec. 7, 1921, just 10 years ago last week. Her name appears with 63 others on the December parole application list.

TROOPS ARE CALLED OUT IN KANSAS

PRISON IN UPROAR

Wrecked and Abandoned Car Found Short Distance from Leavenworth

LEAVENWORTH, Kan., Dec. 11.—(UP)—Three fugitive convicts from the Leavenworth federal penitentiary were shot to death late today in a farmhouse nine miles southwest of here, members of a pursuing posse notified the Davis mortuary here.

The message requested that three coffins be sent to the farmhouse.

It did not say whether the men committed suicide or were killed by members of the posse.

Coroner T. J. Sexton, accompanied ambulances to the scene. At the coroner's office it was said he left hastily without disclosing details of what transpired at the farmhouse.

Ambulances were requested for the return of two penitentiary guards reported wounded by the convicts.

They were Captain Jim Galvin and Guard Mooney.

Warden White, shot by the convicts who had kidnapped him from the federal penitentiary, was brought to the Cushing hospital here today, his left arm blown off. White had been found along the roadside near a schoolhouse 15 miles west of here.

LEAVENWORTH, Kan., Dec. 11.

(UP)—Six life term convicts in a desperate gamble for freedom fled westward from Leavenworth today in a commandeered automobile after escaping from the federal penitentiary with Warden T. B. White, as their hostages.

Three hours later the convicts, who were armed with shotguns, were believed well ahead of their pursuers.

Reports to the penitentiary shortly after noon said posses had picked up the trail of the fugitives at a school house nine miles west of Leavenworth, and that the convicts fled on from there.

Presumably the warden still was their captive.

Meanwhile, order was restored within the prison by guards, policemen, firemen and troops from Fort Leavenworth, a few miles distant.

All is Quiet

Secretary Echols of the penitentiary staff announced at noon that all was quiet inside the prison after riot had threatened.

He said Warden White was the only official abducted by the fleeing convicts, but refused to disclose the names of the men who escaped, or the method by which they gained entrance to the warden's office.

Appearing suddenly in the warden's office shortly after 9 a. m., the prisoners forced him to march out of the prison gates ahead of them.

One report said they carried revolvers or guns. Another said they had a supply of nitroglycerin, and threatened "to blow the whole place up" if the warden did not go with them.

Passing through the gates, the convicts jammed them shut and battered the locks so that pursuit was momentarily blocked.

The six convicts, with the warden still ahead of them, ran down the driveway a short distance, en-

MAN WHO SCARED ACTRESS IS INSANE

SAN FRANCISCO, Dec. 11.—(UP)—Albert Holland, shell shocked war veteran who was arrested on complaint of Bebe Daniels, stage and screen star, was under commitment to a state hospital today at his own request.

On trial for his sanity before a jury, Holland first sought to refute testimony of Miss Daniels and her husband, Ben Lyon, screen leading man. But during a court recess, the public defender revealed on him to change his mind.

When court reconvened, he told Judge J. J. Van Norstrand that he was ready to go to the hospital.

An instructed verdict was ordered, and the judge directed Holland to be sent to the hospital.

CONVICTS MAKE ESCAPE: TAKE WARDEN ALONG

tered the warden's car and drove hastily away.

Move Westward

They swung the car westward to the open Kansas prairie as they drove out of the approach to the prison grounds.

The fugitives drove a short distance down a road to the west of the prison, turned on a side road, and there their car mired in the mud.

A moment later two Negro hunters drove down the side road and were halted by the convicts. The Negroes were forced under threat of death to surrender their shotguns and their automobile.

The Negroes put up no resistance. The convicts entered the commandeered car, pulled the warden along with them, and drove on west.

Eight miles west of Leavenworth they paused at a school in the village of Glendale and attempted again to change cars.

The school teacher, who owned the car came out of the building, saw the men in her car and demanded what they were doing.

One of the men slapped the teacher in the face, according to reports received in Leavenworth, and told her to get back into the schoolhouse and "mind her business."

Reports reaching Leavenworth said the bandits, apparently fearing the immediate approach of a posse, abandoned attempts to take the teacher's car, returned to the automobile they had stolen from the Negro hunters, and drove west.

Utmost confusion prevailed at the penitentiary for more than an hour after the escape.

All available guards were summoned. Appeal was made to the police and fire departments of Leavenworth and the county sheriff's office, and troops were called from Fort Leavenworth.

A picket line was thrown around the prison nearly a quarter of a mile from the walls.

Detachments of soldiers entered the court yard, machine guns were placed on the walls, and all possibility of a general outbreak among the prisoners was being passed.

Routine schedules were suspended and the convicts ordered to their cells.

Asks \$20,990 For Auto, Cow Injuries

Laughlin came along in his car and collided with the animal, according to a complaint for \$20,990.45 in damages filed today in superior court by Teel.

After the car struck the cow, the cow struck Teel and Teel landed on the pavement, suffering a fracture of the skull and other injuries, the complaint said.

THREE YOUTHS GET PROBATION IN GIRL CASE

S. E. Thompson and Paul Gregory, Santa Ana, and Marion Castillo Jr., Riverside, were granted probation for two years today by Superior Judge James L. Allen at a probation hearing following their guilty pleas to charges of contributing to the delinquency of minor children.

The charge was filed after the three youths met some girls who were strangers to them, they said, and made a trip to Long Beach, where they were arrested. The girls, it is understood, were to be before the juvenile court later today. The boys said they appeared to be over 18 years of age.

In granting probation, Judge Allen warned the youths not to "pick up" any more strange girls and not to allow themselves to be "picked up" by strange girls. If the girls cannot resist making advances to the youths, the best thing for the boys to do is to run for their mothers, the court advised.

Crumb, of Santa Ana, charged with driving an automobile while under the influence of liquor, waived his preliminary examination in Justice Kenneth Morrison's court today and was held to answer to the superior court in hall of \$500. He was arrested several days ago by D. D. Adams, member of the California Highway Patrol.

Painter In Jail On Forgery Count

MONEY GIANTS BATTLING FOR BANK CONTROL

Transamerica's controlling interest in its principal subsidiaries, found friend arrayed against friend. Walker was groomed by Giannini as his successor when he stepped out of the Transamerica chairmanship. Baicaluppi was one of "Giannini's boys," an employee from the early days when the original Bank of Italy was a little waterfront concern dealing with produce companies.

Giannini's charges against the present Transamerica management were answered by Walker and Baicaluppi with accusations of their own against the Giannini regime. They entered a sweeping denial to allegations of mismanagement and then ordered the annual meeting moved ahead to February so that "stockholders may determine whether they wish to support the present board or one chosen by Giannini and his associates."

"Giannini's statements to the shareholders have embarrassed Transamerica and we don't feel we can let the challenger go unanswered any longer," President Baicaluppi told the United Press.

NEW BOOKS IN PUBLIC LIBRARY

By VERA RAMSEY

No story in the world could be more thrilling than the age long struggle of man against suffering and disease, but there are few today who realize the magnitude of the horrors from which science and the courageous efforts of medical men gradually released mankind. In "Devils, Drugs and Doctors," Howard W. Haggard tells the story of the science of healing from medicine man to doctor.

Suppose if you had a bad cold from the early days when the people—lying, perhaps dead.

Suppose when you had a slight wound the doctor poured boiling oil in it to avoid infection.

Suppose during an operation you were held struggling on a table by burly attendants instead of being given an anesthetic.

Suppose when you fell ill your doctor dosed you with antimony, bitter, rock salt, violets, beet root, cinnamon cochineal and aloe—and plastered you with Burgundy pitch.

Horrible suppositions—yet all these things and many more might have happened to you in the days before medicine and surgery became what we know them today.

The strange and terrible story of the progress of curing mankind has been finally set down in one of the most fascinating books ever written for the general reader. You can read of the extraordinary medical and surgical practices of other ages—in Egypt and Greece, in Europe of the Middle Ages, the Renaissance and the earliest days of modern medicine—all the superstitions and horrors from which we have finally been freed. Illustrated with 150 old engravings and woodcuts this extraordinary account of the conquest of superstition in medicine will enthral you throughout with its wealth of anecdote and out-of-the-way information.

Of all the strange and thrilling men who flourished under the Virgin Queen perhaps Sir Walter Raleigh was the most strange and certainly not the least thrilling. The penniless youth from Devon became the most powerful man in England. He fascinated the Queen and goaded his enemies. The glittering tale of Raleigh is told by Donald Barr Chidsey in "Sir Walter Raleigh."

The variety of Raleigh's activities is amazing. Possibly no man in history was possessed of so many talents. He was a friend and patron of scientists; and frequently conducted chemical experiments of his own. He assisted Hakluyt's efforts to make geography popular. A medical book was dedicated to him as an expert; a musical book was dedicated to him as a virtuoso; an historical work was dedicated to him as a distinguished student of history.

John Evelyn credited Raleigh with being the first person to conceive the Royal Society. He was one of the original members of the immortal Mermaid Tavern group, a companion of penniless rhymers and players and students. To them he was, first of all, a poet.

At 20 he was fighting in France. At 30 he was a hard-bitten veteran of the war in Ireland, and a hanger-on at court—cocky, suave, impatient, full of great schemes. He designed and superintended the construction of a new type of sailing vessel. As a military expert and amateur engineer, he served on a commission which studied the fortifications of Portland, and himself drew up plans for changes. He helped mightily to crush the Spanish Armada. He founded the first British Colony in the new world and he endured the utmost hardships on his expedition in search of a far Eldorado. Accused of conspiring against the throne, he defended himself brilliantly before a hostile bench—and died with a fine flourish on the scaffold.

"Amber to Ampers" by Ernest Greenwood is a fascinating social-economic history of electricity through 25 centuries. The entire story of electricity, from its earliest discovery to the great modern electrical age, is unfolded here, in terms of the men who have made its use so vital to us all.

It is a human story, colorful and dramatic, one that is packed with personalities. All the great figures appear: Watt, Faraday, Gilbert, Franklin, Morse, Bell, Marconi and Edison. They are shown in their workshops developing the principles and instruments which have made them famous. It is a romantic picture of this science, and yet it is grounded on a thorough knowledge of the subject.

Mr. Greenwood has delved deep into science, history, biography, and mythology. He presents a panorama of the entire field, and at the same time supplies in vivid fashion the details of the century by century development of this vitally important science.

Broadly informative, written in a smooth and easy style, and illustrated with many photographs, the volume will have a wide appeal to all who are interested in the history and the future progress of electricity.

Other new books in the library are: Bement, Douglas—Weaving the Short Story. Carr, Harry—Old Mother Mexico. Clapp, John Mantle and Nugent, Homer Heath—How to Write. LENZ, JACOBY LEAD SLASHED BY CULBERTSON

(Continued From Page 1)

of 260 points. Lenz and Jacoby stand now 1815 points ahead.

The squabbling, chiefly between Lenz and Culbertson, had its origin in Lenz's protest that Culbertson was delaying the game.

"He's not been on time any one of the three sessions," Lenz said. Since 150 rubbers have to be played, an extra session has been ordered for Saturday night at 7. They will play at 7 tomorrow night as scheduled, and again Monday and Tuesday.

"He's been sitting there," Lenz declared of Culbertson, "for 10 minutes without moving—acting like he was studying, when it's plain there's only one play he can make." Culbertson, a match for Lenz on reprieve, promptly offered to let his foe "play my hand if you want to."

"You can't make a protest in the middle of a hand when a man's playing his cards," he snapped. "It's just like letting out a yell at a golfer just as he starts to swing. I ask the referees to please make this man stop breaking in on me like this."

Only two hands earlier Lenz had made another protest, charging that Culbertson was not following the approach-forcing system in his bidding, as laid down in his writings on that system.

DEATHS

A WORD OF COMFORT

Do not let your faith in God's revelation flag and grow weak and ineffective. It is because of your great things from God that you become capable of receiving what He wants you to have.
God is your Father and He loves you. He will reveal the latent strength within you in your hour of need, as you look to Him.
You can not even imagine that important tasks He will open up before you as you become fitted to fulfill them, and the Supreme Revelation is the time when you are ready to join your dear ones in Paradise. Trust and get ready to do great things.

S. A. BANK IS PARTICIPANT IN NATIONAL POOL

Supporting President Hoover in his plan for establishment of a national credit pool for the benefit of business all over the nation the First National bank of Santa Ana today forwarded its subscription of \$100,000 to the pool. The subscription was voted at a regular meeting of the bank board of directors and the action was taken, according to bank officers because officers and directors of the First National bank felt that the local institution is in position to help other organizations for the general improvement of business.

The money will go into the pool which, according to President Hoover's plan, will make \$500,000,000 available to banking houses and admit to rediscount good paper which, under the Federal Reserve system, is not considered eligible. This action will release a great quantity of paper and is planned to relieve the pressure now being felt in business.

Business of the pool will be handled by 12 directors, one from each Federal Reserve district. This city is in district No. 1 of the twelfth Federal Reserve district.

California's leading bankers are on the loan committee of the district and will divide the work of acting on loan applications. One group will function in connection with applications arising in Northern California and a second group in Southern California.

SAN DIEGO SCHOOL BOY UNDER ARREST

A 15-year-old San Diego school boy, found asleep in an automobile, parked on a Santa Ana street at 2:30 a. m. today is being held by Santa Ana police as a runaway and also for grand theft when it developed, officers said, that the car had been stolen by the youth.

San Diego police were notified of the arrest and reported the car had been stolen from Martin Wagner, of 3967 Eia street, San Diego. The boy, arrested by Officer A. P. Moulton, is asserted to have confessed that he was not getting along with his teachers at school and had decided to run away from home and return to Grand Rapids, Mich. He said he intended leaving the car in Los Angeles and going to Grand Rapids via train from there. He admitted taking the car from the waterfront in San Diego, officers reported.

ARREST NAKED GIRLS IN RAID ON STAG PARTY

Raiding a stag party in progress at the Concordia clubhouse on West Broadway, Anaheim, at 10:30 o'clock last night, Chief of Police James Bouldin and 10 plainclothes officers arrested three men and four girls, the 175 men at the affair making exits through windows and doors.

Those arrested last night were W. H. Davies, 55, salesman, of 1335 Gladys avenue, Long Beach; Jack Drew, 28, Los Angeles, electrician, and A. Fungado, 47, contractor, of Long Beach, all charged with operating an indecent and immoral show and exhibition; Neta Rochell, 26, Los Angeles, charged with nude dancing; Evelyn Martin, 24, Los Angeles, nude dancing; Beatrice Kirkland, Los Angeles, disorderly conduct, and Norma Vernden, Los Angeles, disorderly conduct.

A warrant was issued this morning for the arrest of Calvin Shores, of Fullerton, who is accused of making arrangements for the stag party.

The men and girls were scheduled to appear in court today to answer the charges.

The raid proved a decided surprise for those in attendance. No attempt was made to arrest any of the spectators, police said.

The entertainment was scheduled as a benefit affair, officers said.

The three girls arrested in the raid last night were fined \$50 each when they appeared before Judge Frank Tausch today. Calvin Shores, Fullerton, who admitted making arrangements for the stag party, was fined \$75, \$25 being suspended. The other defendants, W. H. Davies, Jack Drew and A. Fungado, pleaded not guilty and asked for jury trials, which were set for December 22 at 10 a. m.

CONDEMNATION AWARDS BEING PAID BY CLERK

Property owners along West Seventeenth street between Main and Flower street today were receiving their portions of the \$34,607.74 awarded by the superior court here in payment for land to be taken by the city of Santa Ana in widening the thoroughfare.

Yesterday at 3 p. m. County Clerk J. M. Backs received the lump award from the city of Santa Ana and by 5 p. m. he had paid out \$12,000, he said today.

West Seventeenth street between Main and Flower is to be widened to a 56-foot paved portion with curbs. The contract has not been awarded but bids have been received and the low offer was \$29,422.31. The bids have been taken under advisement by the city council until December 21. It is expected that work will start on the project between January 4 and 21. January 4 is the first date on which the successful contractor may sign the contract and January 21 is the last day.

Engineering, legal and inspection expense will be in addition to the contract price.

The present pavement will be left in place except at intersections. The concrete ribbon strip west of Ross street will be left as it is and will appear as a portion of the surface of the widened road. East of Ross street the road will be covered with asphalt surface. One dip on Seventeenth street at Broadway will be replaced by a culvert. The new curbs and sidewalks planned will be included in the contract price for the paving.

The county will contribute one-fourth of the cost of the paving and culverts from its share of the state gasoline tax money.

Flaherty, executive secretary of the Farm Bureau, will report on figures which have been assembled by the subcommittee in relation to cost factors and on possible uses for reclaimed water.

Joe Argilar, 17, and Ramon Hernandez, 21, of Norwalk, were the men arrested. The tomatoes had been taken from a packing shed near Browning and Bryan streets and the lug boxes had been stacked beside the road ready for loading, the officers said. Not having noticed the boxes on an early trip past the place, the officers investigated

KE PERFORMANCE OF BILLIE BURKE
The charm of Billie Burke, one of the greatest of America's comedians, greatly pleased a large Santa Ana audience at the Fox Broadway theater last night when star appeared in her highly successful production, "The Vinegar Tree."

Although the house was not full, it was one of the largest in Santa Ana in the past year, a tribute to an actress whose personality, ability and charm made her one of the best own personages of the stage. The plot of "The Vinegar Tree" is snappy, modern and much to the liking of the audience.

WIVES MAKE SURPRISE VISIT AT LIONS CLUB

When members of the Santa Ana Lions club entered the luncheon room at Ketter's yesterday for their weekly meeting, they were greeted by their wives, who had chosen this occasion for a surprise visit.

The women called the meeting to order, took entire charge of the program, provided a few musical numbers, and collected fines with reckless abandon. A feature of the day was that the surprise guests talked in rhyme and any Lion who did not do likewise was called on to "feed the kitty."

Dr. Elliott Rowland, district governor of Lions International, was the speaker of the day, and stressed the ideals of community service which imbue the Lions clubs of the country, whose duty it is to sponsor, foster and furnish leadership. Any club founded only on good fellowship, he said, is doomed to failure.

"The spirit of Lionism is going to lead the world out of its present conditions," the speaker said. "To

BANKS EXPECT DEMANDS FOR \$14,000 "NEW MONEY" FOR CHRISTMAS GIFTS

New crisp bills and shiny quarter eagle gold pieces are being passed over the counters of Santa Ana banks these days.

About \$14,200 will be paid out at the demand of depositors during the time remaining until Christmas to be used as Yuletide gifts, it is estimated by bank officials in a survey completed today.

More than ever before, the demand is being felt for money to be presented as gifts, it was disclosed. Bank tellers claim that many people are planning to give money rather than make purchases of articles for gifts. The money will then be used to buy articles which are needed instead of gifts with no utility, it is held.

Most of the requests for money so far have been for new dollar bills. Running second are the five dollar bills.

Gold is available in small quantities but the difficulty of procuring it considerably discourages its use as a present. The survey of the Santa Ana banks disclosed that \$2.50 gold pieces were virtually impossible to obtain and that the amount of \$5 gold pieces, while not so limited, was nevertheless a small percentage of the total in bills that have been received.

Most Demand For Bills
The new bills, crisp and unused, are sent here from the Federal Reserve bank of Los Angeles.

The largest quantity of bills to be handled by the First National bank, it is anticipated. Between \$8000 and \$10,000 worth of bills will pass over the counters for Christmas presents, it was estimated by L. M. Ray, chief teller. He said that while most of the demand so far has been for one dollar and five dollar bills, still some of larger denominations are requested. One such request was for a \$50 bill, he stated.

Ray said that he expected the demand for money to be especially heavy this year. He said that the First National bank would offer but little gold, relying chiefly on supplying the demand with paper money.

Other Reports
One and two dollar bills, with some requests for five dollar bills, have been sought by depositors at the Security First National bank of Los Angeles, according to A. F. Crowell, assistant manager. He said that he expected the demand to be about \$1000 for paper money and \$100 for gold.

At the Bank of America, a total of \$1500 in paper is expected to be demanded and possibly \$500 in gold, it was stated by C. W. Hickey, chief teller. He said that few \$2.50 gold pieces would be available while there would be about \$200 in quarter eagles and \$200 in half eagles.

Wilfred Taylor, first teller at the Commercial National bank, said that the demand for new dollar bills at that bank would possibly amount to \$400 with some demand in addition for new \$5 bills. He said that about \$300 in gold would probably be demanded. A big demand relatively for dollar bills is also anticipated at the Farmers' and Merchants' National bank, according to E. P. Stafford, cashier. He said that he expected about \$500 to be paid out in bills and also some gold to be issued.

LA HABRA AUTO DEALER ROBBED AND KIDNAPED

Held up by two bandits near Newport Beach last night, E. A. Robinson, automobile dealer in La Habra, was robbed of his cash, driven to San Diego and then thrown out of his car.

Robinson was on his way to a dinner of automobile dealers in Newport Beach when he was stopped by the highwaymen. The auto man telephoned his wife last night that he planned to remain in the southern city today in an effort to locate the men and his car.

Southern California police have been given a good description of the bandits.

GREAT CROWDS ENJOY SCHOOL MUSIC SHOW

Gay and tuneful choruses, colorful costumes, excellent work by members of the cast, and a high standard of originality in both words and music, combined to make last night's presentation of "Who's Who" by the music department of Frances Willard Junior High school, an unusually high attainment in school operettas, and brought enjoyment to an audience that taxed the seating capacity of Willard auditorium.

"Who's Who," with Miss Gladys Campbell of the city school music department as composer, and Harold Fish of the school savings department of the First National bank as author, had its premiere yesterday afternoon at a matinee performance, and so great was the enthusiasm created by the two opening performances yesterday, that the music department was compelled to add a second matinee, scheduled at 2 o'clock this afternoon in addition to the final performance tonight at 8 o'clock.

The two audiences yesterday were loud in their appreciation of the work of composer and author, and equally enthusiastic over the directing of Miss Esther Jean Davis and Miss Ruth Langley. This same appreciation extended to members of the cast, all of whom aided in making the production one of the best ever presented in this city by a group of school pupils.

Work of the principals was especially commended, and for sheer mirth-provoking qualities, audiences were impressed by that quartet of fun-makers, Miss Jeanne Phillips as the cook; Miss Betty Lee as the maid, Hubert Hall as the policeman, and Elbert Stewart as the janitor. Other principals doing especially pleasing work, were the Misses Jeanette Klatt and Valerie Demetrio, leaders in the girls' club of the plot, and Frank Marr and Bill Hawkins, the "King's Jesters" in the boys' club, "King's Hall."

For the second time this week Santa Ana and Orange county, generally, was swept by rain. This second storm, however, instead of drenching the county just dampened it.

The heaviest rainfall of the storm was recorded at Capistrano where .22 of an inch fell bringing the total up to 7.10 for the season. Last year at this date the Capistrano total was 2.28 inches. The second heaviest rainfall was in Talbert district where the total for 24 hours was .20 of an inch. The seasonal total is 5.52 inches and 2.38 inches for this date last year.

In Santa Ana the rainfall during

the past 24 hours added .17 of an inch to the seasonal total bringing that figure up to 4.95 inches as against 2.01 inches for this year to date, according to records kept by S. Hill and Son.

With the greatest rainfall for the storm recorded at Capistrano, Laguna Beach and San Clemente reported only a trace in the gauge for the past 24 hours. Weather bureau reports call for showers tomorrow.

HEATING CONCERN HAS GOOD BUSINESS

One of Santa Ana's newest industries, the Payne Furnace and Supply company, has shown a remarkable expansion for the conditions now prevailing. It is pointed out by N. R. Soucie, district manager.

Three workmen are kept employed installing the furnaces, and additional men are added to the force when needed. More than \$6000 worth of business has been handled by the new firm this fall.

The branch was established in Santa Ana at 208 West Fourth street, last July, according to Soucie, and equipped for assembling and installing gas-fired air heating systems in homes, stores, factories and public buildings.

The company features an engineering department which assists owners, architects and contractors in laying out scientific heating and air conditioning plans. In addition, complete charge of various types of

Installation is taken by expert installers, trained in up-to-date heating practices at the Payne factory. "Proper heating is one of the most important features of modern buildings," said Soucie. "More and more, California people are realizing the fallacy of storing up bodily energy in the famous gut-door California climate only to let improper winter heating methods create an 'indoor climate' which is not fit to live in.

The great danger is that, living in the stale, stuffy atmosphere of an improperly heated home or office for any length of time, the occupants become more and more susceptible to winter colds, frequent headaches and nose and throat irritations which undermine health and happiness."

New Plane Back At Field Sunday

Santa Ana people are interested in the new Ford tri-motored airplane. They proved it last Sunday when Pilot Howard Malsch set a big ship down at Eddie Martin's airport, opened it for inspection and announced that passengers would be taken for short trips. More than 150 Santa Anans rode in the big ship during the afternoon.

Malsch will be back Sunday and is scheduled to make his first trip at 10:30 a.m., and continue until darkness forces a halt.

Because the crowds who visit the airport every Sunday were promised a parachute jump as a finale to the entertainment, Joe Hicks, former army flier and pilot at the airport made his first leap Sunday afternoon.

FOUR HURT IN FOUR CRASHES HERE THURSDAY

Four persons were injured in four automobile accidents reported to authorities here in the past 24 hours. None of those injured were believed to have been seriously hurt.

R. L. Haskin, of Costa Mesa, suffered a fractured left shoulder and cuts and bruises about the head and hands when the car he was driving from Costa Mesa to Huntington Beach overturned near Fairview. He was taken to the Orange county hospital. Haskin was alone at the time. He reported that he lost control of the car and it turned over at the side of the road.

F. A. Barnett, 50, of Anaheim, was slightly injured yesterday afternoon when the car he was driving collided with a machine driven by S. Fukushima, 32, of Garden Grove. The accident occurred at Magnolia and Ball roads.

Carl Sanborn, of Santa Ana, was reported injured when the truck he was driving, owned by the Wonder Baking company, of Long Beach, overturned yesterday afternoon on West Seventeenth street. The man was taken to the Orange county hospital.

Joe Roy Nichols, three-year-old son of Mary Anna Nichols, of 333 South Claudina street, Anaheim, suffered a cut on the head when the car in which he was riding with his mother collided with a car driven by Mrs. Dr. Robert Currie, at South Main and Fairview streets at 8:40 o'clock last night.

Pleading not guilty to the charge, he was released on his own recognizance and will appear for trial on December 22.

Police reported they found a "wild party" in progress at the house. There were six men and three women present, they reported. None of those were held other than Moesser.

KENWOOD All-wool BLANKETS

What...no Soap?

No...but your hair will be far cleaner, softer, more lustrous!

FREED from the drab, sticky film of soap that you can't rinse off...made, literally, as clean as polished glass...your hair will have a lovely sheen, a silky softness, a beauty that you never dreamed was possible. That's what the amazing new discovery, CROMWELL'S Soapless Cleanser, will do for it!

Scientists have been seeking such a cleanser for years...one with none of the injurious effects of soap and soap-type shampoos. No caustics to break down the natural oil at the roots of your hair. No acids, no potash, no animal fats, no ether nor any inflammable solvent. Nothing that can harm the finest textured hair or the most delicate skin. This totally new kind of cleanser will delight you!

CROMWELL'S dissolves every particle of excess oil and grime and rinses away without a trace. For the first time your hair will be perfectly clean...and for that reason it will be alive with color and lights that you never suspected were there. It will be softer...will take and hold a wave longer...and will stay clean longer than ever before.

And your scalp...completely free of dandruff! CROMWELL'S erases every particle of this unsightly, irritating affliction...cleanses pore-deep, gives the scalp a chance to breathe, stimulates circulation. A further aid to scalp and hair health is CROMWELL'S highly effective antiseptic reaction.

It's all done so quickly, too...and so easily that shampooing is no bother at all. You have only to dampen your hair and shake on CROMWELL'S a few drops at a time until it is worked well through the hair and into the scalp. This takes but a few seconds...you don't have to work up a heavy lather, for CROMWELL'S doesn't make as much lather as soap. Then rinse with clean water, and dry. That's all!

MARVELOUS FOR THE FACE, TOO!

Because it cleanses to the very bottom of the pores, and is utterly without any drying or other injurious effect upon the skin, CROMWELL'S is the ideal cleanser for the face. Just dampen a bit of cotton or soft cloth with CROMWELL'S diluted one-half with water and sponge your face lightly. In a twinkling every trace of rouge, cold cream and tenacious grime will vanish. After a few days you

These unretouched photomicrographs (magnification 120 diameters) prepared in the Walter F. Herzberg laboratories show: (A) a hair washed with soap and carefully and painstakingly rinsed several times with clean water. Note the specks. These are soap curds... part of a soapy film that still remains on the surface of the hair. It is these curds and film which make hair look dull, dingy, lustreless. (B) the same hair washed with CROMWELL'S Soapless Cleanser, similarly rinsed with clean water. No soap curds here. No dingy film.

will note a great improvement in your complexion.

If you aren't enthusiastic about CROMWELL'S...if it doesn't give you the finest shampoo you've ever had...return the partly used bottle to your neighborhood drugist and he'll cheerfully refund your money. Get a bottle today. Robert H. Cromwell Co., Manufacturers, Los Angeles, Calif.

Three inspirational services are scheduled for presentation tomorrow over station KREG. The first program will be the regular broadcast of the "Little Church of the Wildwood" from 9:30 until 10 a. m. The Rev. U. E. Harding, pastor of the Little Church of the Wildwood and the Church of the Nazarene, will have a special message for his listeners and is arranging an excellent musical program.

From 11 to 11:30 a. m. the Rev. F. H. Minck, pastor of the First Christian church of Orange, will conduct the regular KREG Sunday school class. He has announced that the topic for study this week will be "John's Vision on Patmos."

In the afternoon, from 3:30 until 4 p. m., Reverend Minck will be on the air again, in charge of the Vesper services. The topic for this service has been announced as "Hurray! My Friends Are Safe!" The high school choir of the Orange Christian church will assist and sing several numbers on this program.

UNCLE SIDNEY TO PRESENT ARTISTS

Sponsored by the Federated Church Brotherhood of Los Angeles County, this quartet has sung before many pleased audiences and will sing at the Nazarene church in Santa Ana at 8 p. m. following their broadcast. They specialize in Negro Spirituals.

According to the program director, the guest artists invited to the studio by Uncle Sidney on his Fireside programs every Friday night at this time, are pleasing to many listeners judging by the large number of letters received by Uncle Sidney.

MELODY BOYS WILL PRESENT KREG PROGRAM

Another Children's program, under direction of Lorene Croddy is scheduled for presentation tonight over station KREG. The program will be presented during the dinner hour, from 6 until 6:30 p. m. and will present several of Miss Croddy's pupils in vocal and instrumental music and readings.

For the 15 minutes following the program directed by Miss Croddy, the studio will broadcast late news bulletins by the United Press before going on the air with another popular semi-classic program. This program will be broadcast from 6:45 until 7 p. m.

These programs of semi-classics, arranged by Bert May, chief announcer for KREG, have been enthusiastically received by music lovers all over the county because of their wide appeal and careful selection.

EVANGELICAL CHURCH MARKS HALF CENTURY

The First Evangelical church of Santa Ana is celebrating its fiftieth anniversary this month, with next Sunday designated as anniversary Sunday, according to the Rev. E. W. Mats, pastor.

Sunday school will open at 9:55 a.m. with Superintendent A. M. Erubaker in charge. At the 11 a.m. service the Rev. A. J. Boelter, superintendent of the California conference of the Evangelical church, will deliver the anniversary address. A special service will be held at 2:30 p.m. when felicitations will be extended by the Rev. O. W. Reinus, president of the Santa Ana Ministerial union; Ralph Smedley, secretary of the Y.M.C.A.; and Nancy Elder, secretary of the Y.W.C.A. The address will be delivered by the Rev. E. W. Mats, pastor of the Evangelical church at Anaheim.

At 7:30 p.m. the young people of the church will present the play "Why the Chimes Rang." The choir, under the leadership of G. M. Watson, director, and Melba Wood, organist, will provide music for the occasion, Sunday morning and afternoon. The chimes of the new pipe organ will be played in connection with the evening program. The public will be welcomed at these services.

The church was founded in 1881 when Santa Ana was but a small village. Services were held first in the home of H. W. Rohrs, 1126 East Santa Clara avenue. Later a hall was rented on Spangmore near Fourth street, where services were held until a church building was erected in 1882 at Ross and Fifth streets. This building served the congregation until the present edifice at Main and Tenth streets was erected in 1905.

The old property at Ross and Fifth streets was sold and the proceeds used on the new church. The north addition of the present building was added several years later. The latest addition to the church property was a new pipe organ installed about two years ago.

Among the charter members still living are Fred Holzgraffe, Fred Schroeder and H. W. Rohrs, of Santa Ana, and Mrs. Anna Schield Krull, of Cosby, Mo.

Pastors who have served the church in the last 50 years are the Reverends R. Stahl, L. Gruen, J. M. Schaeffle, L. Berner, H. Cordes, J. Kraber, W. A. Mittman, W. Lindebach, G. Husser, Theo. Schauer, F. Cordes, G. A. Stierle, E. J.

Nickel and E. W. Mats, present pastor.

DISABLED VETS IN TRIBUTE TO FORMER LEADER

Members of Jack Fisher chapter, Disabled Veterans of the World War met Wednesday night in Legion hall and paid a final tribute to Past National Commander William Murphy, formerly of Santa Ana and active in organization of the local chapter. They were joined by a large delegation from the Ontario chapter, the organization sponsored by Murphy when he was state commander of the organization.

Harry Edwards, of the Orange County Veterans Welfare department tutored Murphy in an address in which he outlined the work done by Murphy in organizing the local chapter and in serving the state and national organizations.

He said that Murphy had practically sacrificed his life for the cause of the disabled veteran by working for the organization when he was in ill health.

A large delegation from the local chapter attended services last night in Los Angeles in honor of Murphy.

Plans were also completed for the annual Christmas party for children of disabled veterans. Santa Claus will be there and will distribute gifts for the children and for veterans who are in hospitals at this time. Plans have also been made to bring cheer to the families of needy veterans in the county.

At the meeting scheduled for January 13 a large class of candidates will be initiated. Initiatory work will be conducted by the drill team from the Los Angeles chapter.

CITY TEACHERS PAID \$660,885 IN SALARIES

Results of a survey showing the total revenue for the Santa Ana school system last year, the source of income and amounts expended in Santa Ana have been made public by Dr. Percy R. Davis, school superintendent here, who summarized the survey at the last meeting of the board of education.

The report showed that \$18 certified employees last year received \$660,885 in salaries and \$32,730 in outside income. Tabulation of expenditures by teachers as drawn from a questionnaire shows that they put into circulation in Santa Ana \$55,220.68 more than the property tax for school purposes collected here, Dr. Davis said.

The total school income from all sources was \$140,000 less than \$1,000,000. Out of this sum \$190,000 was spent in the city for supplies, insurance, fuel, light, water, books, health department, apparatus, building maintenance and alteration, the summary showed.

Three sources of school income contributed to the total of \$880,000 which the schools received. The Santa Ana property tax for schools was \$300,000, of which \$250,000 was a district tax and \$150,000 a county school tax. The county contributed \$160,000 and the state \$200,000.

The state's revenue is made up chiefly from a tax upon corporations, based on the "income" which, in turn, comes from the state of the state of which Orange county is a part. There are no figures available locally, however, which would show the amount of the tax taken by the state, that arises from the income secured by corporations in Santa Ana.

The report was based on answers to a questionnaire returned by 217 of the 218 teachers and executives in the Santa Ana school system. It showed that 257 of these are church members and that they spend \$52,137.05 for church, welfare and relief items, which would average about \$101 per school employee.

An average of estimates for expenditures was 17-18 per cent of the income, for shelter 16 per cent, and for clothing 12-14 per cent. Of the total expended in this city by the 217 certified employees, as shown in the report, \$62,134.68 was for interest and payment on property; \$26,707.35 for taxes; \$7,293.55 for health; \$7,069.56 for savings, banks and building and loan investments; \$20,020 for household help; \$6,297.97 for yard help, and \$45,228.29 for automobile upkeep, laundry, drugs, amusements and other sundries.

The group owns property valued at \$23,545 against which there is \$23,140 in mortgages. There are 781 memberships in local organizations and 1068 in professional organizations. 318 employees have 235 dependents and 461 partial dependents. Fifteen keep full time housekeepers and 80 employ part time housekeepers. Ninety-six employ part time gardeners.

WELFARE GROUP TO NAME SECRETARY

FULLERTON, Dec. 11.—In order to enlarge upon the relief work now being done in this city, Councilman William Potter yesterday afternoon proposed that one of the girls now employed at the city hall be delegated as secretary to keep a file of needy cases in this city and to act as a clearing house agent for all organizations engaged in relief work in Fullerton and to be instructed to co-operate with all organizations.

The committee, consisting of William Potter as chairman; Robert Strain, Mrs. A. H. T. Osborne, Mrs. Grace Chandler Johnson, Thomas Taylor and Verne A. Baker, had been appointed by representative organizations to consider this work.

The decision to handle the work in this manner will prevent duplication of assistance to those who need help and will provide a more efficient method of doing this work. All organizations will be asked to work with the city employee in contacting deserving people.

This new arrangement meets with the full accord of the City Nurse association. Mrs. A. H. T. Osborne, one of those who attended the meeting, is president of the City Nurse association.

P. T. A. SCHOOL TO SPONSOR PROGRAM

The pupils of the school who are members of the county school chorus will attend a practice hour of the chorus on Tuesday night at Orange. There are 14 boys and girls entered in the chorus from here.

Water Carnival Set For Tonight

FULLERTON, Dec. 11.—A water carnival will be held tonight at Fullerton union high school swimming tank with some of the best swimmers and divers in the west participating under the colors of the Los Angeles Athletic club, according to Albert W. Dowden, local high school swimming coach.

Coach Dowden will have a large number of his high school swimmers perform, from whom he hopes to build another Southern California high school swimming championship team.

Paul Collins, who was returned a winner last year in the breast stroke competition, will participate. Visiting club members will include Mickey Riley, "Dutch" Smith, Georgia Coleman, Farid Samalka and Manuella Kallini. Ed Holm, former Fullerton high school diving champion, will be present with the club aquatic stars.

LA HABRA, Dec. 11.—Mrs. C. G. Schuepbach, of La Habra Heights, entertained members of Section two of the Ladies' Aid of the M. E. church Tuesday afternoon for the Christmas party. Instead of the usual exchange of gifts, members placed their contribution of money in the Christmas offering to be used for the needy. Patches on overalls were ripped off at this meeting and Mrs. C. E. Varney's aide won by a few cents, there being nearly \$15 collected in this manner.

Visitors were Mrs. F. R. Aldrich, of Balboa Island, and Mrs. Mary Manning, of Pasadena, who are house guests of Mrs. Schuepbach, and Mrs. Nelson and Mrs. Ellis, of La Habra. There were 11 members present.

News Notes
By PHIL DOWDS

Sunday found Harold Eddie motoring to San Jacinto. On the return trip he witnessed a serious car accident.

Paul Wolven saw the U. S. C. Washington game over the week end. Paul thinks he will attend U. S. C. when the time comes.

Arthur Barlow spent the week end in Carbon Canyon. Arthur tells many interesting stories about the beauties of the canyon this time of the year.

James Noble enjoyed a Sunday visit with relatives in Englewood. Roland Wheeler's journey to Alhambra and Los Angeles Saturday proved rather expensive. He lost \$20 and his collection book.

Stanley Slaback is just now breathing regularly after witnessing the football thrills in the U. S. C.-Washington game Saturday.

Toboggans, skating and snowballs were among the mountain interests enjoyed by Ralph Felix at Mt. Baldy Sunday.

Clinton Campbell, Franklin Davis, Ruby Lundstedt, Barbara Rowland, Steve Bruff and Tom Moran attended the Southern California High School Press association convention at the Washington junior high in Pasadena Friday.

Ted Drake, who has been ill for some time, returned to school today.

Brayton Collins visited an uncle in Los Angeles Saturday. Brayton's uncle is blind. The uncle uses the Braille system to read and write. Brayton explained the system to the 214 English class Monday. The books written in Braille and the explanatory talk were very interesting.

Matt Brown is just recovering from a sick spell in the St. Joseph hospital.

Scout troop No. 25 went to Mt. Baldy over the week end.

La Verne Means has just arrived from a hunting trip in Modoc county.

Delegates to Convention
Clinton Campbell, Franklin Davis, Barbara Rowland, Ruby Lundstedt, Thomas Moran and Steve Bruff, Lathrop delegates to the press convention held at Washington junior high, Pasadena, Friday, felt they abided quite well by Assistant Superintendent of Schools George H. Merdeth's "What the Delegates Should Take Home From the Convention." Mr. Merdeth thought inspiration to carry on acquaintance, increased appreciation of honor, improved standard of excellence, improved methods, exalted ideals and constructive journalism were some of the ideas to be gleaned from the convention.

Superintendent of Pasadena schools, John A. Saxon, believed that most students think the school paper is only for the students, and is filled chiefly with jokes and stories. This is not true. It is read by a host of taxpayers who wish to keep up with the work and trend of the school.

Courtney Mosen, secretary of the Pasadena board of education, assured the delegates they were of higher intellectual ability, because journalism demanded the most in the best men.

Other speakers of note on the program were L. M. Merriam of the Pasadena Post, Harold Chubb, Pasadena Star News, Miss Louise Watkins, national vice president of Quill and Scroll; Professor Marc Goodenow, University of Southern California; Professor Ivan Benson, University of Southern California, and Miss Mabel Stanford, of the Chaffee junior college, Ontario.

Delegates were present from all sections of Southern California, and all seemed to have a good time. An influential and talented high school orator from Tustin high school convinced the delegation that the next meeting place should be Tustin, California.

Franklin Davis.

324 Assembly
The 324 group added another entertaining assembly program to the increasing list of exceptional Lathrop assemblies Friday, December 4.

Myrtle Gerrard portrayed the "daring Englishman" in the reading, "Foolish Questions," with ability bearing professional. Bob Reid was accompanied by Mrs. Byrte, music teacher, while executing unusually well a difficult violin solo. A short play, "The Typical American Family," was written and conducted by the girls of the cast. Jack Robinson, Marjorie Wonder, John Adams.

BLOOD PRESSURE MAY BE REDUCED

High blood pressure is not only dangerous, but entails suffering which often is needless. But you can get rid of the kidney and bladder weakness, blinding headaches, back-break pains and torturing nerve tension while reducing pressure.

Ask your druggist for a box of Wildunger Tee, which contains valuable mineral salts from the famous Wildunger Bad in Germany. Unless this very first box brings grateful, comforting relief, your money back.

A New York doctor, while traveling in Germany, was so impressed with the results thousands were securing from this great kidney and bladder activator that he brought Wildunger Tee to this country. Many American doctors now prescribe it and report that its benefits are equally surprising here.

You can get Wildunger Tee on the distinct understanding that unless it helps, your money will be refunded to you. It may be had at C. S. Kelley, Druggist, 101 East 4th street, Santa Ana.—Adv.

Rena Lindley, LeFaye Morris and Roland Wheeler made up the cast. The play brought out the woes that accompanied greediness.

One of the finest lessons and inspirations Lathrop students get each week is Mr. Nelson's "week-story" in assembly.

Keenly alive to student activity and attitude throughout the week, Mr. Nelson selects stories each Friday that are not only in harmony with the student trend of the week, but inspire and serve as a "character goal" for the coming week.

Friday's story, "The First Hat and Last Name," set forth a wealth of meaning in the theme "See that something is under your hat, and make your name a name to be proud of."

The Fairchild case seems to be providing the 613 social studies group thrills in the way of court procedure. A hung jury resulted in a new trial to be held Tuesday.

Attorneys' sons in the roles of prosecutors add considerable reality to the case. Some of the principals in the trial are Franklin Davis, prosecutor; Clinton Campbell, lawyer for the defendant. Mrs. Fairchild, Madam Warren, Attorney Smith, the cook and the butler were roles taken by Eloise Bradley, Janice Johnson, Bruce Miller, Tom Moran and Stephen Bruff.

Scraps From the Pantry

The low nine girls' cooking classes have been making cranberry sauce and cranberry jelly and other things that make delicious holiday dinners.

They are starting to make appetizing gifts for Christmas: steamed puddings, fruit cakes, fancy cookies, cakes and all sorts of candies.

The classes are divided into groups and some groups are planning to serve tea to their mothers. Other groups have already served formal luncheons to outside friends.

Frances Willard

Advertise Operetta

Two groups of Willard students, accompanied by Mrs. Frances Beeson, music supervisor of Santa Ana, and Miss Esther Jean Davis, music instructor at Willard, visited the elementary schools last Friday morning for the purpose of introducing all Santa Ana school children in the operetta "Who's Who," presented Thursday and Friday nights of this week in the Willard auditorium.

Jack Wallace, Low 9-1 student, was spokesman for the group in charge of Mrs. Beeson, Naomi Aldin, Thomas Hatter, Billy Hill, Thomas Key, Beverly Gilbert, Kenneth Schroeder, Marjorie Seiber, Walter Ranney, Dorothy Norwood, Lucille Jensen, Howard Piper, Glenn Layton, Evelyn Stutts, Dempsey Pride, Russell Duffel, Joyce Wentworth, Allan Cook, Frances Johnson, Dorothy Quinn, Fred James, Martha Dowling, Cornelia Palmer, Vivian Kaufman, David Hunter, June Blodgett, Robert Lippincott, Buster Taylor, Abe Fainberg, Harold Tucker, Peggy Paxton, Marguerite Pimental, Betty Neff, Gies Cook, Margery Bennett, Barbara Gerrard and Lillian Chaves.

General Science Department

"General science courses at Willard junior high school aim to instill into the pupil a challenging spirit of investigation, methods of fact finding, and the habit of weighing evidence before coming to a decision," Norman Hicks, instructor, said Monday. At a time when facts change from day to day by reason of inventions and new discoveries in science, dependence cannot be placed on a carefully memorized list of facts. Even the learning of "how" and "why" is of less importance than developing natural curiosity into the "will to find out."

Science is of such importance in determining the everyday decisions of life that all Willard pupils are enrolled in science classes for at least three semesters. The first semester is largely a study of the

Low 7-1 and Low 7-2 music classes, taught by Miss Helen Glancy, sang English carols at the Ebull club Friday before the music and art sections and their guests.

Mrs. Frances Beeson, music supervisor of Santa Ana, gave a talk on early English carols. The earliest English carol ever written, "The Boar's Head," was sung by this group, including the Latin phrases as they occurred in the number.

Two part songs included, "O Little Town of Bethlehem" and "God Rest You Merry Gentlemen." Mrs. Beeson accompanied.

Members of the class who sang included Melvin Upshall, Kenneth Aldin, Thomas Hatter, Billy Hill, Thomas Key, Beverly Gilbert, Kenneth Schroeder, Marjorie Seiber, Walter Ranney, Dorothy Norwood, Lucille Jensen, Howard Piper, Glenn Layton, Evelyn Stutts, Dempsey Pride, Russell Duffel, Joyce Wentworth, Allan Cook, Frances Johnson, Dorothy Quinn, Fred James, Martha Dowling, Cornelia Palmer, Vivian Kaufman, David Hunter, June Blodgett, Robert Lippincott, Buster Taylor, Abe Fainberg, Harold Tucker, Peggy Paxton, Marguerite Pimental, Betty Neff, Gies Cook, Margery Bennett, Barbara Gerrard and Lillian Chaves.

Sales Contest Held

With an ultimate goal set at \$450 for the purchase of a grand piano, the ticket sales staff of the Frances E. Willard junior high school operetta, "Who's Who," has inaugurated a sales contest in which the whole school is participating, according to Mrs. Anita Whitaker, who is in charge of the sale.

Individual honors that carry a \$2 first prize and a \$1 second prize are being carried away by Hubert Nall, business-like ninth-grader.

For home room honors Miss Deborah Elliott's Low 9-1 is in the lead, with Miss Elfrida Biggin's Low 8 a dangerously close second.

The winning home room is to receive a free ticket to the show for each class member.

The contest was to close Wednesday.

Spanish Classes

In the Spanish classes at Willard Miss Ruth Mueller, instructor, is endeavoring to have her pupils master the elementary rules and grammatical constructions of the Spanish language. "Just at present the irregular verbs are getting very regular attention," Miss Mueller said. "Constant attention is given to making additions to our vocabulary of Spanish words, and occasionally we write stories using the words and grammatical rules learned up to date. A feature we stress is the analyzing of Spanish words to discover their derivation from and kinship with words of other languages."

"With this study as a background we hope to obtain a skill enabling us to read the Spanish language readily and encouragement to continue the more advanced study of this interesting foreign tongue."

Clubs Plan Christmas Cheer

The Girls' Welfare and Boys' Service clubs of Willard held a joint meeting Tuesday noon to plan a way to bring Christmas cheer to the poor, according to Harvey Baker, reporter.

A decorated Christmas tree was placed in the school hall Tuesday. Under it are boxes for every class, to be filled with gifts of food for the poor and unemployed of Santa Ana. This plan, backed by the two foremost clubs of Willard, is expected to be very successful. The tree, with its accompanying boxes, will retain its place of prominence until December 17, when Christmas vacation begins.

G. A. C. Plans Meeting

The Girls' Athletic club of Willard was to hold a meeting today when future plans of the club were to be discussed. Committees for the semi-annual banquet were to be appointed, the banquet to be in honor of high nine members who will graduate in February. Candidates for basketball manager also were to be nominated. Miss Dorothy Broadway, girls physical education instructor, is sponsor of the club.

Low 7 Music Classes

The low 7-1 and low 7-2 music classes, taught by Miss Helen Glancy, sang English carols at the Ebull club Friday before the music and art sections and their guests.

Mrs. Frances Beeson, music supervisor of Santa Ana, gave a talk on early English carols. The earliest English carol ever written, "The Boar's Head," was sung by this group, including the Latin phrases as they occurred in the number.

General Science Department

"General science courses at Willard junior high school aim to instill into the pupil a challenging spirit of investigation, methods of fact finding, and the habit of weighing evidence before coming to a decision," Norman Hicks, instructor, said Monday. At a time when facts change from day to day by reason of inventions and new discoveries in science, dependence cannot be placed on a carefully memorized list of facts. Even the learning of "how" and "why" is of less importance than developing natural curiosity into the "will to find out."

Science is of such importance in determining the everyday decisions of life that all Willard pupils are enrolled in science classes for at least three semesters. The first semester is largely a study of the

body. The pupils learn the uses and functions of the body organs. "Emphasis is placed on the proper care of the body. Posture, proper nourishment, need of rest and sleep and the purpose served by exercise are learned, not by memory, but as byproducts of an interesting study of that marvelous machine, the human body," Mr. Hicks said.

General science during the second semester extends to the pupils' immediate environment. Air, water, rocks and soil, fire and oxidation, all take on a new meaning to the pupil as he and his classmates collect samples, perform investigations and examine specimens of minerals. The interest in natural science investigations will remain long after the facts will have been forgotten, according to Mr. Hicks.

In the eighth grade the boys and girls are usually in separate classes, and the topics treated are given slightly different emphasis according to the interests of the particular groups. The girls generally prefer to study and examine plant and animal life, while the boys naturally like to investigate mechanics and electricity.

Opportunity is given the pupil interested in science to select general science during the ninth grade. These classes are smaller, affording the pupil a chance to become familiar with handling apparatus, making careful observations, organizing thoughts and drawing correct conclusions.

Liberal use is made of the movie films obtained by the visual education department. "A good picture is worth a thousand words" is an old Chinese proverb justified by the interest shown in the films exhibited. Much of the equipment used in the science classes has been made by the pupils in their shop classes.

Oresto Noche has built a box to show the principles of ventilation. Don Randall made an undershot waterwheel. James Stepp made a pelton water wheel. Lois Straub and Freda Meyer obtained, arranged and labeled a collection of marble and granite. Jack Millman displayed apparatus used in making pottery. Melvin Hill demonstrated a small steam engine. These and other contributions show how interesting and useful general science really is. Miss Ruth Langley, W. P. Read, E. D. Froeschle and Norman Hicks comprise the science department at Willard junior high school.

New Officers Of Eastern Star Chapter Installed

YULE PARTY OF CHAPTER HELD DECEMBER 19

ORANGE, Dec. 11.—With many interested members and friends in attendance, open installation of officers was held last night by Scepter chapter, Eastern Star, in the Masonic temple, Mrs. H. F. Bascom and F. L. Carrier were placed in office as worthy matron and patron, respectively, succeeding Mrs. Ross Stuckey and Robert Bunch, who acted as installing matron and patron during the ceremony. Mrs. Stuckey, junior past patron, was master of ceremonies. The service was made doubly impressive by the lovely floral effect lent by the colorful shower bouquets carried by the officers. Mrs. Bascom carried red roses with lilies of the valley; Mrs. Stuckey pink roses; Mrs. Edgar Chapman, associate matron, yellow roses, and other officers, bouquets of sweet peas in autumn colors. Mrs. Stuckey was crowned in a peach-toned frock while other women wore white.

YULE CUSTOMS ARE RELATED AT FRIENDSHIP TEA

ORANGE, Dec. 11.—A Christmas atmosphere prevailed yesterday at the friendship tea given at the First Presbyterian church. A cheery fire in a fireplace spread a rosy glow over the baskets of California holly which were placed in the front of the room and a Christmas tree covered with shining ornaments added to the holiday atmosphere. Mrs. Oliver Wickersheim was the chairman of the day. Assisting here were Mrs. Lucy Robinson, Mrs. John J. Vernon, Miss Adele Dutton, Mrs. Sarah Dutton, Mrs. J. W. Frazier, Mrs. T. H. Ellijah and Mrs. L. A. Durler.

As each guest entered she was presented with a letter designating the month in which she was born. When birthdays were counted, it was found that those whose birthdays fall in December had the largest number present. It was found, too, that the birthday of Miss Adele Dutton was on Christmas day and that Mrs. Alvin O. Clifford was celebrating her birthday on the date of the tea.

An appropriate program was given on opening with a solo by Mrs. Carl Pister. Mrs. B. D. Stanley gave an interesting talk on Christmas in Russia which is celebrated, she said, six days before. On the sixth day, Mrs. Stanley stated, a day of feasting is observed.

Among the interesting facts related by the speaker on this subject was that Russian children have no Santa Claus but rather a bent and dirty old woman called "Baboushka," who goes from house to house, with her apron filled with toys and candies. In her search she presents other children with small gifts and looks in the cradle of all new babies, Mrs. Stanley said.

Mrs. C. E. Wood spoke of Christmas in Switzerland and told that instead of Santa Claus, the Swiss children have a Christmas fairy and the prettiest girl in each village and town is selected to represent this character. The Christmas angel or fairy is supposed to bring the gifts to good children.

Mrs. Wickersheim told of Christmas in Mexico and declared that flowers played a large part in the Yuletide ceremony there. The celebration starts December 15, she said, and gifts are exchanged January 18 when the wise men are supposed to have presented the Christ child with gifts. On the evening of January 5 the children place their shoes on balconies and the gifts are placed in them, she said.

Mrs. Lucy Robinson told of how Christmas is celebrated in Germany and how Christmas trees were first introduced in England through the influence of the German prince who married Queen Victoria. In the German Alps, she said, it is believed that the horse and cattle have the power to speak on Christmas eve but none may listen to them, unless they wish disaster to follow. She described the church candle lighting ceremony in Germany on Christmas eve and declared that in Poland it is believed that on this night, Jacob's ladder is let down from the sky.

Mrs. J. B. Wilbur described Christmas customs in America, which she declared were so varied that they could not be catalogued in a short time. She told of how white gifts came into being. She told of the greeting cards, the holly, the Christmas trees and Santa Claus.

Mrs. Carl Pister sang "It Came Upon the Midnight Clear" and "O Little Town of Bethlehem" as closing numbers on the program and coffee and dairy sandwiches were served by the hostesses.

W. R. C. Arranging For Yule Event

ORANGE, Dec. 11.—Plans are under way for the Christmas party of the Woman's Relief corps, which is to be held December 18, at the I. O. O. F. hall. Mrs. Mabel Lee, president of the corps, has appointed committees to have charge of the event and luncheon arrangements are to be supervised by Mrs. Emma Wells.

The meeting will be an all day one and Mrs. Sutton is to have charge of the Christmas tree. Boxes are to be in charge of Mrs. Edna McCollum, Mrs. T. G. Anthony and Mrs. Carrie Lewis.

Women, the judge declared, are the greatest buying power in the home. Make them want to buy at home, he advised.

Ed Peterkin was a visiting Lion from Brea and guests were W. J. Sutherland and Bob Swank.

Judge Talks At Session Of Lions

ORANGE, Dec. 11.—Judge James L. Allen was the speaker at the regular meeting of the Lions club Wednesday when a program on home buying was continued. Judge A. W. Swayze was the program chairman.

Women, the judge declared, are the greatest buying power in the home. Make them want to buy at home, he advised.

Mrs. Floyd Watson Hostess To Twin Six Club Members

ORANGE, Dec. 11.—Twin Six club members were guests yesterday of Mrs. Floyd Watson in her home on East Sycamore street. Bouquets of cotoneaster provided a seasonal setting for the afternoon of sewing, concluded when the hostess served a dainty refreshment course.

Those present were Mrs. C. Wesley Kolkhorst, Mrs. Arthur Streech, Mrs. Traford Watson, Mrs. Ed Dahl, Mrs. Rex Parks, and the hostess, this city, and Mrs. Charles Jester, of Laguna Beach.

Members are anticipating their Christmas party, to be held on the evening of December 21, with their husbands as special guests.

WASTE OF YULE TREES HIT BY FOREST RANGER

ORANGE, Dec. 11.—"It's time to harvest the annual Christmas tree crop from the forests of California and approximately 750,000 evergreens will be used for Yuletide decorations," says E. E. Vinsonhale, forest ranger of Orange county, who is in charge of fire protection work in this vicinity during the absence of Joe Scherman, who is away on a vacation.

"But if you think that the cutting of these trees is devastating the state's forests, save your sympathy. Use an ounce of prevention in July and let the children have their fun at Christmas."

A cigarette carelessly tossed from an automobile by a motorist may destroy many times the number of trees cut for the Christmas trade, and every summer there are at least three or four fires in California that burn more fire than are sold for Yule decorations, the ranger says.

With the true heart of a forester, Vinsonhale, does not condone promiscuous cutting of Christmas trees under any circumstances. He would be the first to prosecute these forest vandals. But at the same time he refuses to become alarmed at the number of trees removed from the Sierra and coast ranges.

"In the first place," he says, "cutting trees for Christmas is a legitimate use of our forests. In the second place, discriminate cutting of trees, removing only those which have become stunted or have no chance to develop, would actually improve the condition of forests."

"The commercial loss is comparatively small, because the silver tip and white fir, which are the favorite Christmas trees, do not develop into a high class lumber stand. The evil of our present system is the absence of discrimination in cutting on private lands. In our national forests, only those trees tagged by expert foresters as having no chance in life may be cut. But on private land, there is no regulation to prevent the slaughter."

"Each year there are cut about twice as many trees as can possibly be absorbed by the Christmas market. Regulate this, and you have removed the principal evil."

Vinsonhale says that most of the Christmas trees used in California are Douglas fir, silver tips and white fir cut in the Sierra Nevada and coast ranges. A large number are shipped in from Oregon by boat. To grow a Christmas tree eight feet high takes nature about 20 years.

PROBLEMS OF YOUTH TOPIC OF Y. LEADER

ORANGE, Dec. 11.—Youth of today fearlessly faces problems and offers solutions for difficulties, which adults would approach cautiously or would avoid offering any solution at all, declared J. B. Wilbur, secretary of the Y.M.C.A., in a talk before the Intermediate School P.-T.A. Wednesday.

Young people today are as fine as ever, the speaker said, as he outlined what he believed could be done to establish wholesome happy relations between girls and boys.

Wilbur said that a quotation which had greatly impressed him was one which stated "Many parents are unequipped to guide so they fight boy and girl relationships instead."

Boys and girls must be trained to stand on their own feet, if they have not they will suffer for want of this training when they enter high school, the "Y" leader said. "The right type of entertainment must be provided for them in order to give them confidence in themselves. This is as important as good food or good clothes. They must be helped to gain moral confidence in themselves and this confidence must be established in the grammar grades. When boys and girls enter high school, the job of the parents is just to stand by as their training has already been established in the grade schools."

Wilbur's entire talk centered around the importance of establishing the right contacts early in life and to gain the confidence of children by understanding. He urged the necessity of studying the problem of girl and boy relationships as their interest in each other begins in early youth and has a direct and powerful influence on their future, he declared.

Mrs. L. L. Williams was the chairman of the day and Mrs. Fred Lenz presided. The wall clock which is given the room which has the most parents present was awarded to the 7-4 grade, taught by Winton Smith.

The sum of \$10 was allowed the president by the association for expenses during the year. Music was furnished by the glee clubs of the school under the direction of Miss Rachel Williams.

20-30 CLUB TO BE GUESTS OF WIVES

ORANGE, Dec. 11.—Paul Schwegler, football captain at Washington university, who is a guest in the home of Mr. and Mrs. Jaul Muench, was the speaker at the regular meeting of the 20-30 club at the Orient cafe Wednesday night, when members of the varsity team of the Orange union high school were guests of honor.

Other speakers included Coach Stewart White of the high school, Laurence Leichtfoll, captain of the football team, and Ted Walker, captain elect. Music was furnished by Mrs. Mess Coe, Miss Dorothy Coe and Miss Sallie Coe. The club will attend the meeting of the Fullerton 20-30 club next week, when Coach Howard Jones of the University of Southern California, will be the speaker and members of the varsity football team of the Fullerton union high school will be guests.

INTRUDERS DAMAGE 3 ORANGE SCHOOLS

ORANGE, Dec. 11.—Police of this city are continuing a search for the persons who entered three schools here early Wednesday morning. The schools entered were the Intermediate, the Maple Street and the Lydia Killefer. At the first named school, \$1 in stamps and \$1.20 in cash were taken and drawers of desks and doors were pried open in all of the three schools. At the Maple Street school two blankets were taken.

The intruders left three iron bars used in forcing the doors open. Two window panes were cut out at the Intermediate school before entrance was made.

Palm Trees Trimmed, So Rats Leave

ORANGE, Dec. 11.—The 25 palm trees along North Cambridge street have been trimmed from the roots to the lower fronds, and a number of the fronds have been taken off in an effort to discourage a colony of rats from making their homes in the trees.

A large number of rats built nests in the space between the trunks of the trees and the stubs of the fronds left on the trees after cutting. A resident of this street watched the rats frolic along the cables which run from poles along the street one evening and he declared that one acrobatic rodent gambled along a wire near a tree for 250 feet and finally disappeared into the attic of a house.

Work of trimming the trees has been under the supervision of C. C. Bonebrake, city street superintendent. It is thought that the trees have been entirely cleared of their undesirable inhabitants which feasted on the dates in the palm trees and invaded homes in the block.

ANNUAL YULE PARTY STAGED BY REBEKAHS

ORANGE, Dec. 11.—One of the happiest of recent parties, was the one given by the Veteran Rebekahs and which marked the annual Christmas celebration of the group. The party was given in the I. O. O. F. hall which was decked with Christmas greens and a delectable refreshment course was served at a table gaily appointed with red candles set in the hearts of red blossoms and nut cups were in this cheery color.

Decorations were under the direction of Mrs. Abbie Gould and Mrs. Anna Christensen and hostesses for the occasion were Mrs. Lucy Robinson, Mrs. Effie Winterrowd and Mrs. Nina Dale.

Mrs. V. A. Wood presided at a business session and during this time plans were made for a turkey dinner to be given in February, when husbands of members are to be guests. Mrs. Ida Davis was given a beautiful quilt.

After the business session a huge grab bag was brought in the hall and each person present was asked to draw a package from it. When the packages were unwrapped they were found to contain a motley array of garments which were donated by those who drew them and the costumes resulting proved to be most amusing.

Those present other than the hostesses were Mesdames V. A. Wood, Gertrude Fields, Laura Bowen, Jennie E. Brown, Edith Knesel, Katie Helthausen, Louise Biddlingmaier, Anna C. Crawford, Abbie Gould, Lucy Richards, Ida Campbell and Nettie Todhunter and Anna Christensen.

Candle Lighting Services Slated For Sunday Night

ORANGE, Dec. 11.—Girl Reserves of the city will hold their annual candle lighting and recognition service Sunday evening at 7 o'clock in the Christian church, according to an announcement made by Miss Fern Sumner, Y. W. C. A. secretary. Cabinet members of the six Girl Reserve triangles will conduct the ceremony.

The girls have planned their ceremony in accordance with the Bethlehem star symbol. The Rev. Franklin H. Minck, pastor of the Christian church, and Mrs. Walter Kogler, leader of young people's music in the church, will assist in the service.

The public is invited to attend the ceremony, at which time old members will replenish themselves and new members will be recognized.

TROJANS HEAVY FAVORITES IN GEORGIA GAME

BY GEORGE H. BEALE
(United Press Staff Correspondent)
LOS ANGELES, Dec. 11.—(UP)—Southern California has been made a heavy favorite to win over Georgia in Olympic Coliseum here tomorrow.

The season records of the contending teams and the lack of heat and beef in the Bulldog outfit has contributed to the longest odds offered locally on a major game for many a year.

As many as 15 points are being given on even money bets and 2 to 1 money is easy.

Man for man the Georgia team will be heavily outweighed Saturday and the odds still holds that a good big man can beat a good little man and few will debate the claim that Southern California has good big men.

Coach Harry McPherson has pointed out that what his Georgia team lacks in weight it makes up in speed and fight and those admirable qualities may make up the difference.

The comparative score issue hinges on New York university which was just ousted out by Georgia and which also was beaten by Oregon. Southern California trampled Oregon 53 to 0.

Then, too, Southern California had an easier time with Washington State than did Tulane and Tulane defeated Georgia 20 to 7.

One thing that local fans will watch with interest is what happens to Vernon (Catfish) Smith, Georgia's great end.

COLTS FAVORED IN SEMI-FINAL PREP CONFLICT

Covina's Colts and San Luis Obispo's Tigers collide at Covina tomorrow in a semi-final contest for the Southern California high school football championship. The survivor qualifies for a titular game with Santa Ana's undefeated Saints at the Los Angeles Coliseum Saturday week.

Although comparative scores indicate a Covina triumph by a narrow margin, the same method of computation gives San Luis Obispo a royal chance. The Northerners, certain to be outweighed, are rated as a fast, alert bunch who will fight hard for the privilege of playing Santa Ana.

"Tex" Oliver, "head man" of the Saint coaching staff, will personally scout both teams. He will be assisted by Bill Foote, for several years Oliver's "eyes" at such games. None of the Saint players will attend, however.

Covina, undefeated, hold victories over such schools as Huntington Beach, San Pedro, Excelsior, Bakersfield, Chaffey, Riverside, Pomona, Redlands, San Bernardino and South Pasadena.

San Luis Obispo has run roughshod over such Northern opposition as King City, Salinas, Bakersfield, Lompoc, Paso Robles, Santa Maria and Santa Barbara, but dropped 28-0 verdict to Taft, undisputed champion of Central California.

This non-conference setback did not affect the Tigers' status in the Southern California playoff series.

Using Bakersfield for a "common denominator," Covina and San Luis appear evenly matched, the Colts having beaten Bakersfield 18-6 while the San Luis margin was also two touchdowns, 24-12.

However, Covina looks stronger judging it by a more roundabout method. Covina defeated Pomona, 14-0. Pomona waxed Santa Maria, 37-14. San Luis was hard pressed to eliminate Santa Maria, 13-6.

Jim Stockdale, half Indian and half Italian, is San Luis Obispo's best back. Coach Frank Holt calls him the best high school ball-player he has ever seen.

"Happy" Rauschenbach, 190-pound fullback, is Covina's most consistent ground-gainer although Backs Griffin and Simpson are likewise highly regarded and Tackle Dittburner is regarded as one of the ablest prep linemen in the Southland.

San Luis Obispo fans are following their team south on tomorrow, a special train will transport several hundred ardent rooters and a 50-piece band. The San Luis playing squad was to come south tonight, remaining at a Los Angeles hotel until a few hours before game-time.

'B' Cagemen Play Second Round Game

Tustin meets Orange and Huntington Beach takes on Brea-Olinda in semi-final games of the Orange County league's Class B basketball tournament at Garden Grove tonight.

These schools survived first round matches yesterday, Tustin beating Anaheim, 19-18; Orange eliminating San Juan Capistrano, 29-27; Huntington Beach nosing out Garden Grove, 23-18, and Brea-Olinda vanquishing Newport harbor, 21-5.

Tonight's semi-final contests will be interspersed with consolation games between yesterday's beaten teams, Anaheim meeting San Juan Capistrano and Garden Grove opposing Newport Harbor. The Huntington Beach-Brea game, however, will be first, beginning at 6:45.

DONS GET KEEN TEST IN GAME WITH WHITTIER

Santa Ana junior college basketball—how will it stand under first flight competition?

This question will be answered in Andrews gymnasium tonight when Coach Verne Landroth and his Whittier college varsity and second teams engage Coach Bill Foote's Dons in a doubleheader, the first game to being at 7 o'clock.

Virtually the same combinations that took the floor against the Little Cloisters of Anaheim, a team Santa Ana defeated here Wednesday, 57 to 29, will face Whittier.

Hideo Higashi and Earl Homan at forward, Maxson Stull at center, Ellwood Lindley and Russell Sullivan at guard, is one likely combination, although Coach Foote's other group—Emmett Seacord and "Hen" Thiery at forward, Fred Brooks at center, Mike Santa Cruz and Jimmie Hall at guard—probably will start against the Whittier varsity.

Over from a 37 to 35 victory over the strong Hollywood Y.M.C.A. quintet, Whittier has faced a variety of practice competition this season. The Poets base their scoring hopes on Bixby, Tallman and Bryson, experienced forwards. In Whittier's last game Bixby scored 16 points, a difficult task against keen competition.

NORTHWESTERN MAY NOT PLAY STANFORD

CHICAGO, Dec. 11.—(UP)—Northwestern and Michigan, co-champions of the Big Ten the past two years, will meet at Ann Arbor, Mich., Oct. 8, 1932, if Stanford releases Northwestern from a contract to play at Palo Alto on that date.

Kenneth L. (Tug) Wilson, Northwestern director of athletics, has asked Stanford officials to release Northwestern from its contract this year, with the Wildcats making the trip to the coast in 1934 instead of 1932. Stanford will play Northwestern in Chicago in 1933.

AGREEMENT OF 'BIG THREE' TO BE DISRUPTED

SAN FRANCISCO, Dec. 11.—(UP)—The triangular "unit" agreement between Stanford, California and Southern California has much to do with athletic eligibility at the three schools, may be disrupted when the Pacific Coast conference meets in annual session here Monday, it was reported today.

If rumors in circulation can be credited, California will lead an onslaught against the agreement, asserting that Southern California is not abiding by the "12 solid unit" scholastic requirement under which athletes are placed on the eligible list.

On the ground that Southern California's units include at least two subjects not classified as "solid," California, it was reported, will insist the unit requirement for all three schools be lowered to 10 recommended units.

The three-way eligibility squabble, if it materializes, will have no bearing on the regular playing of the conference, which, among other things, will take up the following:

1. General reductions in football ticket prices because of decreased attendance this year.

2. Discussion of the radio problem, as to whether broadcasting of games is causing a financial loss through non-attendance.

3. Approval of 1932 schedules. Most of the schedules have been drafted tentatively.

4. Appointment of officials for 1932 games.

5. Decisions on problems involving eligibility.

It was said semi-officially that St. Mary's which defeated Southern California at the start of this year's football season, probably would not be on the Trojans' 1932 schedule. Southern California has already made arrangements to open its season September 23 against the University of Utah.

TROJAN BASKETBALL MEN MEET DE PAUL

CHICAGO, Dec. 11.—(INS)—De Paul university's Blue Demons were prepared today to meet the Southern California Trojans in the opener of the DePaul basketball season in Loyola Gym here tonight. Both teams are strong, considering De Paul's record of only eight defeats in two years and the fact that Southern California has won two Pacific Coast championships in basketball in the past four years.

The Trojans meet Northwestern tomorrow night at Evanston.

HAWLEY HOOPSTERS WIN FROM LITTLES

Holding off their opposition's belated rush in the last half, Hawley's Sporting Goods defeated Little's Clothing of Anaheim, 32 to 30, in a basketball game at the Anaheim high school gymnasium last night. The Sportsmen led at half-time, 18-11. Franz, Anaheim center, was high with eight field goals. The lineup:

Little Clothing's (30) (32) Hawley's
Tanaka (6)P (12) Labracherie
Bach (2)F (4) Reuchardt
Franz (18)C (6) Cook
Aisip (4)G (6) Ochoa

Princeton Elects Captain Aged 20

PRINCETON, N. J., Dec. 11.—(INS)—Princeton will have one of the youngest captains in football history next season. The election of Frederick Billings of Pittsburgh, Pa., gives the Tigers a plot for next season, who will not have reached his twentieth birthday. Billings is a guard.

WELL, WHAT WILL OUR DONS THINK?

SAN FRANCISCO, Dec. 11.—(INS)—Hawley's athletic teams of the University of San Francisco will be known as "The Dons", instead of the old name of "Gray Fog," it was announced by university officials today.

Wood Given More Harvard Honors

CAMBRIDGE, Mass., Dec. 11.—(INS)—The highest honor of the senior class at Harvard university, that of first marshal, today was held by William Barry Wood Jr., Phi Beta Kappa and quarterback and captain of the varsity football team, president of the student council and member of the varsity baseball, hockey and tennis teams. The popular gridiron field general polled 768 votes out of a possible 1206.

BRIDGE DUMMY TELLS INSIDE OF LENZ MATCH

Accordingly, we take pleasure at this time in giving you his story of the momentous conflict.)

BY DONALD D. DUMMY
(As told to Henry McLemore)

NEW YORK, Dec. 11.—(UP)—Well, it's time somebody got around to Dummy. Here I am, a guy—practically a dope—that's played in every bridge game since the datted thing was invented. And this is the first time I ever got a break.

For three nights I have been lying flat on my back, looking at the most uninteresting ceiling I ever laid eyes upon. And folks, I have gazed on some pretty punk ceilings in my day.

Hopes Lenz Wins
Right now, let me say I hope Mr. Lenz wins. I guess you wonder why I favor Mr. Lenz, what with him being so rough. Well, I'd rather be treated like a foot-ball than a dog. And that's how Ely Culbertson treats me. Darn him!

How would Mr. Culbertson like it if somebody picked him up and slammed him across the table? I know what he'd do—he'd get fighting mad. So do I, deep down in my hearts, but my mother, when I was just a little shaver starting

GREAT FIGHTER 'COUNTED OUT' BY DEPRESSION

Surrounded only by unfortunates, such as himself, instead of the coterie of back-slapping parasites who shouted his praises when he was the toast of the ring, Joe Choyinski, famous fighter of other years, came to the end of the endless trail for work here today.

Broke, jobless, Choyinski was figuratively and literally "counted out" by the depression.

Now just another member of the army of unemployed, "Fighting Joe" was fed by the Santa Ana Salvation Army.

In accordance with the plan of the City's Unemployment Relief committee, Choyinski was given a Santa Ana police clearance for three days. Unless he is able to find employment in that period he must leave the city.

Signing the customary unemployment relief records, Choyinski gave his age as 39, his birthplace as San Francisco, his nationality as American. He said he was 5 feet, 10½ inches in height and weighed 180 pounds. He described his previous occupation as a cook, and said his last employment was at Indio, Imperial county, California.

Choyinski, active professionally from 1884 to 1904, was one of the greatest fighters who ever drew on a boxing glove. Game and tough, he was seldom beaten during his long and colorful career. His opponents included such men as John J. Sullivan, Jim Corbett, Danny Kellner, Bob Fitzsimmons, Kid McCoy, Tom Sharkey, Joe McAuliffe, Peter Maher, Jim Jeffries, Gus Ruhlin, Joe Walcott, Jack Johnson, Philadelphia Jack O'Brien and Marvin Hart.

He was participant with Corbett in the now historic "Benicia Barge" fight of June 5, 1889.

His greatest fight perhaps was in San Francisco November 30, 1897, when he went 20 rounds to a draw with Jeffries.

Although weighing less than 170 in his prime, Choyinski was always a leading contender for the heavy-weight title.

SANTA ANA COLLEGE GOLF OUTLOOK O. K.

Harbor District Growth Revealed In Utility Reports

PHONES, WATER METERS REVEAL GAIN IN YEAR

NEWPORT BEACH, Dec. 11.—Growth of the Newport Harbor district, which had the greatest growth in its history last year, continued in 1931, according to figures gathered by the Newport Harbor Chamber of Commerce from public utility and other sources.

The new telephone book for Orange county, just issued, shows that a greater number of people within the jurisdiction of the Newport Harbor exchange are using telephones than at this time last year.

In November, 1930, there were 889 telephones here. This had grown to 1025 in November this year, a gain of 56 telephones, or 6.3 per cent.

In November, 1930, the number of gas users in the Harbor district, as revealed by the meters connected and in use, was 2700. In November this year this had increased to 2867, a gain of approximately 6 per cent.

The use of water, of course, is much greater in summer than in the winter months. However, there were 116 more water meters in the city system last month than at the same time last year, 2638 as against 2522, a gain of about five per cent. This was within the city limits.

Within the city limits, the Southern California Edison company had 2609, and this had grown to 2780 in November this year. This was an increase of 6.4 per cent.

MANY ARTISTS MAKE HOMES IN BEACH SECTION

NEWPORT BEACH, Dec. 11.—The Newport beach section is becoming the home of numerous artists and the locale of still more believed that a creditable exhibit could be made of paintings of Newport, Balboa and Corona del Mar artists, especially those of Laguna Beach.

According to information given to the Newport Harbor Chamber of Commerce by interested persons in this vicinity, there are more than a dozen more or less prominent artists who either reside here all the time or do most of their work in this vicinity. In addition to a host of lesser lights.

George Brandriff is one of the outstanding artists who has worked a great deal here. He has become prominent in recent years and many of his subjects have been taken from the west end of the bay. Thomas Hunt is another who has worked in that vicinity.

Millard Sheets, who grew up in Pomona and has traveled considerably and published a work on art, also works here. Baras Miller, one of the young school, has painted "The Regatta," a Balboa Island scene, among other pictures. Haldane Douglas, brother of Don Douglas, local host builder and sailor, specializes in boat pictures.

Helen Smith of Balboa Island, has had two pictures at the Laguna gallery. She and five other artists were working here recently at the same time and almost at the same spot.

Other artists, among the many who are more or less well known here, include Helena Douglas, Romilda Castaldi, Blanche Whal, Mabel Haig, Clara Swain, Kathryn Mackenzie, Tom Lewis, Jack Leonard, Pruitt Carter, Hazel Boehme, Olive Stewart, and of course, George Coleman, whose paintings have been given considerable attention in past years.

OIL LINES IN BEACH CITY FIELD TAPPED

HUNTINGTON BEACH, Dec. 11.—Attempted thefts of oil and gas in the oil field here have come to light in the past few days. One operator tapped a Standard Oil company gas line. The Standard field forces missed the gas, checked the line and found the leak. A settlement was made with the Standard for \$350.

In another instance a tank of oil was turned into the gathering pipe line to be transported to the dehydrator. The tank held 1000 barrels when it was emptied, but only about 300 barrels reached the dehydrator. A check showed the line had been tapped and the company got a settlement and did not prosecute.

Oil operators state it is hard to prevent their lines being tapped at night as the field is traversed by numerous lines and it does not require much time or effort or expense to tap a gas or oil line and steal the oil. In the case compromised, there was a chance that the tapping of the feeding lines had been done by mistake. It was said.

Hold Yule Party In Wintersburg

WINTERSBURG, Dec. 11.—A Christmas party for members of the junior church of the Methodist organization of Wintersburg was enjoyed Tuesday afternoon at the church hall, where the superintendents of the junior department acted as hostesses. The children attending the party included Raymond and Evelyn Holt, Naomi Simpson, Betty Applebury, Pauline Applebury, Shirley Price, Wilma Chapman, Laddie Letson, Dwight Wentzel, Joseph Wood, Donald and Normand and Gene Harding, Evelyn Tunstall, Helen and Elizabeth Murray, Evelyn Wood, Andrea Gardner, Euland Smith, Dawn Treace and Betty Jane Enhart.

Mrs. Emma Evans Called by Death

LOS ALAMITOS, Dec. 11.—Mrs. Emma E. Evans, 74, proprietor of a lunch stand at Howard street and Los Alamitos boulevard, died suddenly yesterday morning. She had been a resident of Los Alamitos for five years and had been a trained nurse, coming to Long Beach from Chicago about 10 years ago. The body is at the Mottell mortuary in Long Beach.

Mrs. Evans was born in Niagara Falls, N. Y. She is survived by two sons, Dr. Arthur Austin, of Calgary, and Edward Austin, of Chicago.

OIL OPERATORS IN CONFERENCE NEXT MONDAY

HUNTINGTON BEACH, Dec. 11.—Every oil operator in this field is expected to be represented at the meeting at the city hall Monday afternoon to consider plans for installing a waste water pipe line and disposal plant to cover the entire oil area included in the Huntington Beach field.

The call for the meeting was issued by Mayor Elson G. Conrad. Notices were mailed to every oil company and independent operator having holdings in the field.

In the production of oil the wells always produce some water. As the oil production declines the water production increases and finally becomes a problem. Disposal of the water here has been solved by the Standard Oil company, the Union Oil company and the Shell Oil company, which have waste water pipe line disposal systems.

Through these water lines the water is carried to cleaning reservoirs, where any oil that may be in the water is separated and the water permitted to flow into the ocean.

The Standard waste water is piped to the plant of the General Salt company, where mineral salts are extracted and then the water passes to the ocean.

The smaller companies and independent dispose of waste water from the oil wells by means of shallow wells jetted down to 30 to 50 feet is reached, where a gravel is found that will take away the waste water. This shallow gravel strata has been used for years by many wells and is so full of water that it is hard to get it to take any more.

Allen is chairman of the committee on local arrangements.

HIGH OFFICIALS ATTEND KIWANIS CLUB SESSION

Called as a regular quarterly event, the Fourth District Kiwanis meeting held last night at Ketter's cafe was turned into one of the outstanding events of the Kiwanis year when International President William Harris and his party made a surprise visit to the session.

The meeting was originally called for the benefit of the incoming officers of the Santa Ana club and new members who have joined the organization during the past year. International President Harris and his party were at the cafe when members of the fourth district clubs started to arrive.

Included in Harris' party were: International Trustee Pat Millikan, Los Angeles; Phil McCaughn of Long Beach, governor-elect for the California-Nevada district; Dan Rice, retiring governor of the district; and Herb Penfield, past lieutenant governor, Division Three.

In addition to the distinguished guests there were 49 Kiwanians present representing the La Habra, Buena Park, Santa Ana, Whittier, Anaheim and Fullerton clubs. Joe Collins, lieutenant governor for Division Four took charge of the meeting following opening ceremonies presided over by Charles Walker, president of the Santa Ana club.

The highlight of the evening was installation of Arthur Corey, Buena Park, as Lieutenant Governor of Division Four. International Trustee Millikan acted as installing officer.

Representatives of the various clubs in the district were allowed five minutes each to talk on various phases of Kiwanis work and at the close of the meeting each visiting dignitary spoke briefly on the ideals and objectives of Kiwanis.

Speakers and their subjects were: John Price, Anaheim, "Keeping up Attendance;" Otto Evans, president of Anaheim club, "How to Have Good Club Meetings;" John Henderson, Anaheim, "Chairman of the Day;" President Charles Walker, Santa Ana, "Membership;" Lester Holloway, secretary of the Whittier club, "Financial Obligations of the Secretary;" George Wells, Santa Ana, "Make Kiwanis Objectives Real Objectives;" Ed Marksum, president Buena Park club, "A Kiwanis Club Will Be Successful If—;" Ed Emmertson, Anaheim, "Board of Directors;" Elmer Steffensen, Santa Ana, "District Trustee Makes a Place For Himself;" L. O. Culp, Fullerton, "Thriftiness of the Secretary;" and Emmett Drum, La Habra, "New Presidents."

Men of the 72nd Congress

WILLIAM EDGAR BORAH of Idaho

ALWAYS the most international famous member of congress. Dimpled and leonine, an oratorical giant, in dependent as a tomat, still known as the "one-man political party" at the age of 66. Becomes the outstanding leader of any cause he champions. Has a larger popular following than any other senator. His words probably carry farther than those of anyone in Washington except the president, thanks partly to his chairmanship of the Senate Foreign Relations Committee. League of Nations opposition was his greatest fight; still opposes World Court entry and demands revision of Versailles treaty, as in interview with French newspapermen during Premier Laval's visit. Senate galleries are jammed when Borah is billed for a speech. He likes an audience. Hobbies: Reading, horseback and street car riding, Russian recognition, disarmament, debt repudiation reduction, economy, the Constitution and suppression of lawlessness. Refused to accept his salary raise when congress voted itself one, contending he has been elected to a \$75,000, not a \$10,000 job. Takes the \$10,000 since re-election. Often consistent. Became Hoover's oratorical Big Bertha in 1928 campaign. Now plays off and on with the administration, mostly off. Seems to regard White House occupant with sympathetic contempt. Sees no immediate hope for progressives in a third party, preferring to work independently from within. Hence roars demands for reform at Republicans every pre-convention season and, when ignored, subsides. Always lived on his salary. Of simple taste, he abhors formal dinners. Childless, he and Mrs. Borah have lived for many years in an apartment.

DR. BALLARD TO SPEAK AT H. S. TONIGHT

Dr. J. H. Ballard, of Occidental college, will speak at 7:30 o'clock tonight in the high school auditorium giving the third of his series of four lectures on "Psychology and Its Influence on Childhood." These meetings are sponsored by the adult education department of the city schools and P. T. A. organizations of the Junior college, high school and junior high schools. No admission is charged for these lectures.

In announcing this meeting Mrs. Golden Weston, head of the adult education department said that all adults interest in or responsible for child-adult relationships will find this lecture very helpful. In his talk tonight Dr. Ballard will use the topic "Releasing Our Mental Reserves" and will stress two important facts. The first fact to be stressed is that there are unused powers resident within all normal persons; the second will be some definite suggestions as to how these powers may be released and utilized.

His talk will be based on recent experimental psychology with a large number of concrete examples, which results in making the presentation non-technical and exceedingly practical.

Facts concerning the unused resources of personality are made to apply to every normal person, according to Dr. Ballard, and not alone to the gifted and is looked upon as power available for the practical tasks of every day life, and also as reserve power for meeting the emergencies of life.

This particular lecture by Dr. Ballard has been much in demand by professional and business groups and has been declared to open up a new world of hope and courage, it is said.

LANGLEYS RETURN FROM ISLAND TRIP

In spite of the fact that the Hawaiian Islands are particularly beautiful at this time of year Roy Langley and his wife who have just returned from a three weeks' tour of the islands, said today that they were glad to be back in Orange county.

Langley, who is Orange county distributor for Hancock gasoline, and his wife made the trip to the islands with Mr. and Mrs. George D. Williams of Long Beach. Williams is vice president of the Hancock Oil company. They made the trip over on the steamer President Wilson and returned on the Matsonia.

The party toured the island by automobile and reported that there are plenty of service stations where gasoline is sold at 18 cents per gallon with no tax added.

Langley said that while there is some complaint heard in the islands relative to business conditions indications point to an early improvement. He said that the sugar cane and pineapple crops are in good condition and a heavy crop is expected this season.

YESTERDAYS OF SANTA ANA ARE VIVIDLY RECALLED BY COPY OF 31-YEAR-OLD PAPER

By CONSTANCE CRUICKSHANK

"CONTRACT for new courthouse approved."

"Birch Park deed accepted."

"Health Officer Sutherland resigns as compensation cut to \$10 a month."

"Last year one of most prosperous experienced by state."

No, this is not journalistic license. All this was NEWS 31 years ago and may be found in black and white on the four pages of the Santa Ana Daily Evening Blade edition of April 17, 1900, which was brought to light yesterday by Mrs. C. C. Langley, of 802 Lacy street, wife of the superintendent at the post office, and its musty contents lay exposed today to the rarified, highly edified atmosphere of a "gladder and wiser" generation.

Yellowed and torn, the newspaper, edited by H. McPhee, presents an assembly of fantastic advertisements and news items representing a cross-section of life in Santa Ana in the first year of this century. The publication, which according to its statement of ownership, was "the only daily paper in Orange county" at the time, offers a motley appearance with its naive headlines, out-moded pictures and joke fillers, but is remarkably free from typographical errors.

The leading editorial exhorts Republican officials to call a primary election in the county rather than resort to the option allowed by the party of permitting Republican county committees to appoint delegates to the convention. A second editorial defends Health Officer Sutherland in his refusal to serve the city for \$10 a month. A third comments on the recent report of the state board of trade which indicated a "marked gain in the export of canned fruits" and a "wide extension of the beet growing area," with a corresponding "general increased interest in this industry."

A long article accompanies an advertisement for the Riverside Street Fair, described as "the first street fair ever held west of the Rocky Mountains."

Quick advertisements occupy a surprising amount of space in the newspaper, while advertisements for bicycles, horses and buggies, muslin underwear and large feathered hats smack convincingly of the 19th century. Many of the Blade advertisers of 1900 may be found in the columns of The Register today, although there is a considerable and frequently amusing discrepancy between the wares advertised by them then and now.

Early Day Ads

Thus, the William F. Lutz company recommends in 1900 "light buggies, whalebone speeders and surreys," while H. C. Hill takes advantage of the "Orange County Annual Road Race" to suggest an investment in a Cleveland or Tribune velocipede. The First National bank boasts of \$100,000 "paid in capital," while officers of the Abstract Title and Guarantee company are listed as T. B. Van Alstyne, president; J. Wiley Harris, vice president; D. W. Lewis, secretary; H. J. Forgy, Dr. C. D. Ball, M. H. Phillips, Paul

Seeger, Dr. W. B. Wood and Dr. L. D. Mills. Wand and Mateer urge patronage "for nobby, up to date spring suits" and Parke S. Roper and Company are described as "booksellers and stationers," located "next to the post office." Law firms include Scarborough and Forgy; R. Y. Williams; John N. Anderson; Montgomery and Earle; West and Langley; while others taking space are O. L. Halsell's Pharmacy, Wright's Transfer and Smith and Son, undertakers. George S. Smith is referred to as "deputy coroner."

Among other advertisements catching the eye are those of merchants who no longer cry their wares locally.

Offers Bargains

Baldwin's Five and Ten Cent store reports receipt of a quantity of "hat pins, belt buckles and waist sets," while P. H. Turner promises "ladies dress shoes at \$2.00, with cloth or kid top, widths from A to EEE," and also, "a few hundred pairs that will sell for 75 cents to one dollar; good shoes; button only." The Fashion Stable at Fifth and Sycamore streets guarantees "First Class Rigs" with "careful drivers" furnished when desired, while a counteracting advertisement reminds readers that "J. A. Hankey has BICYCLES to Sell." Reinhaus Brothers' "mammoth department store" advertises a "great sale of Muslin Underwear; all liberally cut;" M. M. Crookshank and son, a luscious supply of "organdies, dimities and ginghams." Still another department store describes its stock of "pretty plaids; pretty cretons; pretty millinery; pretty silks; pretty skirts."

Rabbitries apparently abound in the city and an amateur blue rock medal shoot is announced for "Thursdays at the grounds on West First street."

W. C. T. U. Parley

Mrs. Bina West, Supreme Recorder Keeper of the Lady Macabees, was to give a public address at Spurgeon hall that evening and a county W. C. T. U. convention was to be attended the following week by Mesdames Tillotson, Kentor, Horton, Bunker, Faust, Hill, Mills and Cone of this city. Offices are advertised for rent in the opera house building and a reporter comments that a recent application for the position of county veterinarian "will probably receive the prayer-

ful consideration of the super-visions."

Numerous personals and brief items throw an amusing light on the life of the day. L. G. Alden of Orange offers to sell "a gentle survey horse, cheap; not afraid of street or railroad cars." The Seven Sutherland Sisters promise a personal appearance for one week at the Bristol and Rowley store as an advertisement for the care of the hair. A personal informs readers that "Thomas Jessup of Garden Grove was quite badly hurt last evening by being thrown off a horse rake while raking hay."

An item from the Lost and Found notices completes the picture and speaks for itself: "Lost — between Main street and Fifth street bridge, black buggy robe, with peacock on inside."

Short Courses In Dairy Industry To Be Given At Davis

DAVIS, Dec. 11.—The annual short courses in dairy industry will be given at the University of California Branch of the College of Agriculture here February 8 to 13. In making this announcement, Dr. C. L. Roadhouse, head of the Dairy Industry Division, said there will be four courses this winter, in market milk, butter, cheese and ice cream. The course in dairy bacteriology, given separately in the past few years, is included with the others.

Instruction will be given with lectures, demonstrations and practice in the manufacturing processing of these products, Dr. Roadhouse says. Particular attention will be given to the new developments which are based on research work carried out during the past year.

The courses are open to any person who has had experience in dairying. No tuition is charged, but a small registration fee will be required. Information regarding the courses can be obtained by writing to the Dairy Industry Division, University Farm, Davis.

STUDENT LOAN FUND AT J. C. NEEDS BOOST

The annual report and financial statement of the Student Loan fund for the Santa Ana Junior college has just been issued showing that a total of \$3725 in loans was made during the year ending November 1. The loans made varied from \$100 to \$300 each.

"During the past year," the report stated, "the Student Loan fund has again experienced extreme difficulty in providing money to enable worthy student to continue their education. Repayments have been less than usual while calls for help have been more numerous. It was necessary to scale all loans down as much as possible."

Repayments received during the year amounted to \$1375, the report said, and total loans outstanding on November 1 were \$10,014.97.

The fund was founded in 1921. Cumulative totals contributed by various organizations in the last seven years are as follows: Pamphlet society, \$930; High school and Junior college Parent Teacher association, \$642.41; American Association of University Women, \$450; Business and Professional Women's club, \$250; High School Girls' league, \$240; Daughters of the American Revolution, \$210; High School Honey society, \$138.41; City Teachers league, \$100; City Parent-Teacher association, \$50; Jefferson P. T. club, \$25; John Muir P. T. A. \$15; Woodrow Wilson P. T. A. \$15; Frances Willard P. T. A. \$2; annual school penny drive, \$1223.36.

Four years ago a drive was conducted for \$10 pledges each year for a three-year period. Contributions in 1928-1929 were \$1876.52; 1929-1930, \$1578.62, and 1930-1931, \$1410.21.

Plans are now being made by Mrs. James N. Harding, fund chairman of the high school and junior college P. T. A., to raise money for the fund this year.

Country Club Plans Dance December 23; Bridge Tonight

Invitations to a Christmas dance, to be staged at the Santa Ana Country club the evening of Wednesday, December 23, were being formulated today. The country club officials will be mailed to club members in a few days, it was learned today. The dance, coming in the midst of the Christmas holidays, is expected to attract a large throng of merry-makers and to prove one of the highlights of this year's holiday season.

The country club will be the scene of another December festivity this evening, when club members will gather there for their monthly evening card party. Mr. and Mrs. Otto Jacobs and Miss Command, and Mrs. E. W. Landis are serving as hosts at the party tonight, which will commence at 8:15 o'clock.

Long Established Club Enjoys Hospitality Of Former Member

A number of years ago when the S. O. C. club (probably the oldest strictly social card club in the city) was delving into the intricacies of auction bridge as opposed to whist, Mrs. William E. Otis was one of the dozen prominent women forming the membership. Later Mrs. Otis resigned, but her interest in the little club always has been a warm and friendly one, and never has been proven more pleasantly than when on Wednesday, she invited the members to her home at 2236 Victoria drive, for their Christmas party.

Holiday greens were used effectively to grace the stately home, and a charming crystal and silver theme was in use on the table where the luncheon menu was served. Crystal and silver formed the graceful tree centering the table, and all appointments were in complete harmony.

Immediately following the luncheon interval, dainty little Miss Eloise Spruance, granddaughter of the hostess, presided over the reading of the numbers whereby the members of the friendly group exchanged Christmas gifts.

Bridge games followed, and Mrs. James E. Paul and Mrs. Roy Hall, scoring first and second high, received from their hostess, charmingly decorated Christmas candles. At the same time Mrs. Otis presented favors of candy to each one of her guests.

Sharing the enjoyable afternoon with the hostess were Mrs. Edward M. Neill, Mrs. James E. Paul, Mrs. Charles Vance, Mrs. Wyckoff, Mrs. A. M. Gardner, Mrs. E. R. Keach, Mrs. C. S. Crookshank, Mrs. Roy Hall, Mrs. Terry E. Stephenson, Mrs. John E. Gowen and Mrs. F. W. Slabach.

Holiday Luncheon and Program Held By Section

Charmingly expressive of the Christmas colors was a luncheon shared Wednesday afternoon by members of the Second Household Economics section of Eboli society who met in the clubhouse. Afterwards an interesting talk on "Russia's Five Year Plan" was given by Harold E. Wahlberg, county farm advisor.

Hostesses were Mrs. Ralph A. Mosher, Mrs. J. C. Metzger, Mrs. Elliott Rowland and Mrs. W. C. Watkins. The appetizing menu was in keeping with the vivid red of the motif, and was served at tables lighted with tall red candles. Festoons of holly contributed their seasonal notes to the occasion.

The gift exchange was a pleasing feature of the session following, with the club Christmas tree in the lounge providing an appropriate setting for the affair. At this time, members made their annual contributions to the Day Nursery fund, and a neat little sum was the result.

In giving his talk, Mr. Wahlberg displayed a map of Russia, and gave illustrations with moving pictures he took during his trip in the country under discussion.

Thirty-five members were present to take part in the enjoyable meeting.

Girl's Engagement Prompts Shower And Bridge

Following shortly upon the announcement of her engagement to James Eudaly was the affair arranged Wednesday night in honor of Miss Lucile Berman by Mrs. J. Lee, who entertained in her home, 809 1/2 North Garfield street, with a bridge party and kitchen shower to which some dozen of the honoree's friends were bidden.

The bridge games were interrupted after a period of play by a knock on the door, which Miss Berman was requested to answer. She was handed an envelope to which a ribbon was attached and asked to follow the ribbon to its end. It led her to a large basket of gifts, which she proceeded to open in the presence of the guests.

Guests then gathered about small tables, each of which was graced with a vase containing a single perfect rosebud. Places were marked by cards bearing tiny tapers and holders.

Bridge prizes were subsequently awarded Mrs. George Burroughs, high, who received a pair of Posy-top candlesticks, and Miss Mary Eudaly, second, who was given a Canook pottery jar. Miss Ruth Bradley was consoled.

Invited to the party were Mesdames Elbert Bower, R. M. Conkling, John Lacy Taylor, Misses Mary Eudaly, Audrey Chastain, Betty Smith, Betty Boehm, Virginia Cogan, Ruth DuBois, Ruth Bradley and Juliette Taylor, all of Santa Ana; Mrs. George Burroughs of Fullerton and the honoree, Miss Lucile Berman.

Native Daughters Will Offer Program With Spanish Dinner

As the ways and means committee members of Santa Ana parlor, Native Daughters of the Golden West, with Mrs. E. U. Dickinson as chairman, and Mrs. Raymond Crum, president of the parlor, continue in the plans for a Spanish dinner for the benefit of their welfare fund, they are finding active response on the part of everyone in the city, so that the affair, scheduled for next Monday night, in Eboli clubhouse, promises to be one of the gayest of the various holiday celebrations to take place here.

Practically all the tickets for the Spanish menu to be served at 8:30 o'clock, have been sold, according to Mrs. Dickinson. But an even larger crowd is anticipated for the dancing to follow in the evening hours. For this feature will be open to everyone, regardless of the having attended the dinner. It will be a "nickel dance" with no general admission. The English Gibbonians, that orchestra, which proved such a drawing card for the Balboa Rendezvous pavilion all summer, will furnish the music, a fact that is arousing much friendly interest in the event.

For those who prefer cards to dancing, tables will be arranged in the lounge, and prizes will be awarded in both bridge and 500. The Native Daughters' famous cedar chest will be awarded also, and may be seen, with its lovely contents, all this week in the Paul shop, 302 North Main street.

In connection with the dinner hour will be a musical program including Santa Ana's own soloist, Madame Manuela V. Budrow-Rafferty, who is coming down from Hollywood especially for this event. Mrs. Lambert will be at the piano for their costume numbers.

Little Maid's Birthday Is Celebrated With Merry Party

Little Donna Claire Schultz was four years old on Wednesday, so to celebrate the occasion in appropriate fashion, her mother, Mrs. D. C. Schultz, entertained a bevy of her small daughter's friends at a happy birthday party in her home at 1043 West Fourth street.

There were games and romps and holiday joys of every description enjoyed by the little people, with Mrs. Schultz assisted in entertaining them by a bevy of mothers, who enjoyed the party quite as much as did the children. One of the most exciting features was when Donna Claire opened the various packages brought by the children, and enjoyed the gifts which made it seem as though Christmas has hurried up to arrive two weeks in advance of its date.

This effect was heightened by the pretty red and green decorative effect, which was especially pronounced at the table where the youngsters were seated to enjoy ice cream, birthday cake with its four red candles and candles. Centering the table was a Jack Horner pie in cheerful red crepe paper, and scarlet ribbons leading from each child's place, led to the favours of horns concealed beneath the top of the "pie."

Donna Claire's little guests were Betty and Barbara Warren, Mary Katherine Harper, Florine Martin, Bobby and Edward Margret, and Johnnie Weston of this city; Jacqueline Tatum and Glenn Seaburg of Corona.

The mothers sharing the party pleasures with Mrs. Schultz, included Mrs. Lacey Seaburg and Mrs. William Tatum of Corona, who were accompanied also by Mrs. W. R. Sams; Mrs. Richard Martin, Mrs. George Margret, Mrs. J. N. Harper and Mrs. Mary C. Warren of this city.

Schroeder and H. W. Rohrs. It has been only a few weeks since Mr. and Mrs. Schroeder celebrated their golden wedding anniversary, and at this time many members of the church joined in extending their well wishes to the happy couple.

The Rev. Mr. Mats presided over the program which followed the dinner. The Rev. J. M. Schaeffe, of Los Angeles; the Rev. J. Kraber, of Anaheim; the Rev. W. A. Miltman, Buena Park, and the Rev. G. A. Stierle, Los Angeles, all gave short talks as did G. G. Schmidt, of Glendale, presiding elder.

Musical numbers included quartet selections by Mr. and Mrs. Harold Holzgrate and Mr. and Mrs. H. Greenwald; a duet by Clarence and Kenneth Rohrs and a violin solo by Otto Schroeder.

Mrs. Sarah M. G. Brown, president, was in charge of the meeting. It was decided to send \$5 to a World war veteran at San Fernando and to send \$1 to the Orange County Tuberculosis association for Christmas seals. Also plans were made to send gifts to the county hospital for Christmas, with Mrs. Kate Sutton as chairman of the affair.

Sons of Veterans Are Hosts to District Organization

When members of Santa Ana camp No. 12, Sons of Union Veterans of the Civil War, entertained members of District No. 2 on Tuesday night in Knights of Pythias hall, they were assisted in making it a gala affair by the Sarah A. Rounds Tent, Daughters of Veterans. E. J. Parker called the meeting to order in his capacity as president of the district, after which he presented C. E. Millen and J. R. Moore as the committee in charge of the program.

Miss Carrie Seaton was at the piano for the chorus singing of "America" with which the program formally opened, after which Earl O. (Bud) Davis gave two yodeling numbers, "Away Out on the Mountain" and "High Powered Mama." Miss Ruth Helen Oakes, talented harpist followed with "Song Without Words" by Dubez, and "Irish War Tune" by Rogers.

At intervals on the program Miss Oakes added other numbers including "Believe Me If All Those Daring Young Charms," "Holy Night," a Musurka and "Melody" by Robinson. Earl Davis also sang again, choosing "Treasures Untold," and Miss Margaret Gabe gave a group of readings, opening with an Italian dialect number, followed by "The True American" and "Between Two Loves."

The Past Commanders' Degree team with E. J. Wilson of the General W. S. Rosecrans camp, Los Angeles, as captain, put on the interesting floor work, and Eugene C. Somerby of the General Phil Kearney camp, occupied the president's chair. His manner of presenting the work was highly acclaimed by the audience. Mr. Somerby is a past commander of the department.

In the short business session which followed, P. A. Barrows, a past national commander-in-chief, of the General Henry W. Lawton camp, Long Beach, occupied the chair. Various prominent visitors were introduced, including the department commander, Fred I. Dunster; the department vice-president of the auxiliary, Mahalia Buckley; Daisy Kier, vice-president of District No. 2; Audrey Billingsley, district secretary, and May Bailey, treasurer.

The program and business session closed with everyone joining in singing "God Be With You Till We Meet Again," after which members and guests adjourned to the dining room where members of Sarah A. Rounds tent served as hostesses. Sandwiches, doughnuts and coffee were served by a committee headed by Mrs. E. J. Parker, assisted by Mrs. Edith Moore and Mrs. Media Brayton.

AN EMERGENCY SOUP
Fix some beef bouillon cubes and add a little of the tomato juice mixture to it. Boil up quickly and serve in hot soup cups.

EVER-READY SHERBET FOR THE MAIN COURSE
One pan in the freezing chamber can be given up to this delightful addition to the ordinary meal. Make thin apple sauce, sweeten slightly and add three or four drops of peppermint essence to it. Stir once while freezing. Or make thin cranberry sauce (strained) sweeten slightly and freeze. Either one goes a long way in dressing up a plain meal. Serve with a meat course, not as a dessert.

BOILED CUSTARD AND ITS USES
Trifle is a favorite dessert in many homes. Keep a covered pitcher of custard for a base for

ice cream or for serving over canned peaches for an emergency dessert. (See recipe).

TODAY'S RECIPE
BOILED CUSTARD
2 cups hot milk
1/4 cup sugar
1 tablespoon butter
Pinch of salt
3 eggs
Few drops of flavoring extract
Put the milk to heat in a double boiler and while that is under way, put the eggs in a bowl with the sugar and pinch of salt—and let it be the smallest of pinches, please. Whip until the eggs are a foamy thick mass. When the milk is hot add the butter and slowly drip in the beaten eggs, stirring the mixture constantly. Cook until the custard coats the spoon like thick cream, but watch it ever so closely.

TWO SECONDS extra cooking turns a creamy boiled custard into a watery mess of curd sometimes called Boiled Custard by the uninitiated. The custard must be taken off the fire while it is still oily-smooth on the spoon; it can't give the exact time; it is something one can gain only by practice—and lots of it.

After taking the custard from the fire set the pan in cold water and with egg-beater whip the custard until it is cold, then add the flavoring extract, put it in a covered pitcher and in the refrigerator.

A FAVORITE USE FOR BOILED CUSTARD
Trifle, that favorite dessert of my youth, was made by soaking stale cake in fruit juice, sometimes in wine, and covering the cake at serving time with plenty of chilled custard.

There are 950 calories in the custard, chiefly the tissue building proteins.

CULTIVATING A CHARMING PERSONALITY is more important today than it was 50 years ago, when ladies had the vapors and blushes, and natural complexions were still the chief claim of womanly charm. We seem to have lost those charms in the shuffle but we've gained others just as valuable. Send me a stamped, self-addressed envelope for this leaflet, and agree or disagree with me on this interesting subject.

Saturday the recipe will be Pineapple-Nut Cookies cooked at the table on a waffle iron. A grand dessert for the informal supper party.

JUST JONESPORT FOLKS

KEN MAYNARD IN 'RANGE LAW' HERE

Ken Maynard's superb horsemanship, and feats by his wonder horse, Tarzan, are the outstanding features of the new Tiffany Productions' drama, "Range Law," now showing on the bill at Walker's State theater.

With more than the usual quota of fast and furious action, "Range Law," gives Maynard scores of opportunities to display his horsemanship.

In "Range Law" he is seen as an escaped convict, searching through the border towns for the man who had him framed into prison. He finds him—and finds also that the girl he loves is about to marry the man he had sworn to kill.

Because of his prison escape, Ken is sought after by the local authorities—and the bad man sets his gang of killers on his trail. How the star escapes from the various traps set for him, defeats his enemies and wins the girl, form one of the fastest and most dramatic western features seen on local screens for some time.

NEWS AND NOTES MICKEY MOUSE CLUB for BOYS AND GIRLS

Mysteries of the sea's bottom, divers in queer looking equipment, and a story of romance and adventure on a cannibal island, are some of the features of "The Sea God" which will be shown to members of the Santa Ana Mickey Mouse club tomorrow.

The Santa Ana club will stage its weekly meeting at the Fox West Coast theater, starting at 1 p. m.

Richard Arlen has the lead in the show, the climax of which finds him searching for his sweetheart who has been captured by the man-eating natives of the island near which his ship is wrecked.

The usual stage attractions for the children also will be seen and a surprise is in store for all members who attend this week, according to a statement made today by Walter S. Smith, manager of the theater.

RICHARD DIX IN NEW SPY FILM AT WEST COAST

Recreating the dramatic aura of the Civil war in a stirring spy film of unusual dramatic strength, Richard Dix opens at the Fox West Coast theater today in RKO-Radio Pictures' "Secret Service," based on the famous play by William Gillette.

The film is a decidedly different characterization for the star of "Chamion" who already has established himself as a leading portrayer of virtue roles. He is seen as a masterly man who rules his own destiny in the face of danger, and about whom revolves a sharply contrasting not of romance.

There have been many spy stories, but this latest Dix vehicle shows an unusual understanding and sympathy for the "shadowed men" who stand ready to sacrifice their lives and their sense of honor in the espionage service.

Besides Dix who portrays the Union spy, Shirley Grey is cast as the Southern belle. This cast includes Gavin Gordon, William Post Jr., Clarence Muse, Carl Gerard, Nance O'Neil, Eugene Jackson, Frederick Burton and Florence Lake.

WHY Do Dental Plates Look So False? BECAUSE!

So many of them are made alike —A dental plate to bring out the contour and expression of the face must be made to conform with each individual case.

SETH PARKER. RADIO STAR IN FILM AT B'WAY

Combining a wistful, rural simplicity with a stern drama as rugged as the Maine coast, Seth Parker, of broadcast fame, makes his screen debut at the Fox Broadway theater tomorrow in RKO-Radio Pictures' "Way Back Home."

The film is a pleasing diversion reminiscent of the vigor, the spontaneous humor and homesy rustic atmosphere of the immortal "Way Down East." In it the currently popular Parker brings to the screen for the first time the simple philosophies, the nobility and uncompromising valor of country people in times of stress.

In a sense this unusual picture is an elaboration of the star's weekly broadcasts humanizing the Maine folk, consequently

it is a distinct novelty whose wholesome character and entertainment values are in sharp contrast with the rapidly falling vogue of gangster films.
Real people activate the film story, but above all rises the striking personality of Parker playing a majestic, modernized Moses who is forever getting his fellow villagers out of trouble. He makes the humblest tolerant of the grant acts of run-away Rosie, played by Dorothy Peterson, fosters a romance, and adopts a motherless orphan to confound a drunken father.

Parker is assisted by a cast almost equally made up of radio and film players. On the radio side are Parker (his real name is Phillips Lord), Sophia Lord, as "Lizzie," Effie Palmer as "Ma Parker," Raymond Hunter as "Captain Bang" and Bennett Kilpack as "Cephus."

The film players are Frank Albertson and Bette Davis, the young lovers of the story; Stanley Fields and Wade Boteler, villains; Frankie Darro, the homeless boy and Miss Peterson.

Richard ARLEN In The "SEA GOD"

Richard Arlen in the film "Sea God" is shown in a dramatic scene, likely from the movie.

"I love the way it creams!"

says Mrs. JO ANN HOUSMAN
of 1211 N. Kenmore St., Hollywood

It's a joy to work with... saves so many minutes in the kitchen ...this new type blended shortening

IT fluffs up in a jiffy—like whipped cream! And that batter! You just know your cake is going to be light and fine-grained. And it is.
Mrs. Housman points out just one of Parfay's marvelous qualities; it is the fastest creaming shortening. Hundreds of California cooks are just as enthusiastic about its extremely high smoke point. A whole corps of expert pie makers claim nothing could be more wonderful than the flaky pastry it makes.
Settle the matter for yourself. Roll out some springy Parfay pastry. Fry some crispy brown fritters that make no smoke at all in your kitchen. The quality you want most of all in a shortening is there. With the thousands of other good California cooks you'll say, "Here, at last, is the shortening that has everything. There never has been anything like Parfay!"

WHAT HAS BRAN TO DO WITH BEAUTY?

THE natural beauty of sparkling eyes, a smooth, lovely skin, and an enthusiastic personality come from a healthy body.

The first rule of health is regular elimination. Otherwise, constipation soon develops. Headaches, poor appetite, loss of energy, sallow skins are usual consequences. Beauty and health may be seriously impaired.

Here's where bran is so important. It supplies two things needed to prevent ordinary constipation. Vitamin B, to tone the intestines. "Bulk," which gives them exercise. Both promote regular habits.

A safe, pleasant way to get your daily bran is with Kellogg's ALL-BRAN. Two tablespoons daily of this delicious ready-to-eat cereal will usually prevent and relieve both temporary and recurring constipation. If you suffer from intestinal trouble not relieved this way, consult your doctor.

ALL-BRAN supplies iron for the blood.

Enjoy Kellogg's ALL-BRAN either as a cereal or in cooking. Recipes on the package. How much better this is than taking pills and drugs.

At all grocers. Made by Kellogg in Battle Creek.

THE TINYMITES

STORY BY HAL COCHRAN—PICTURES BY KING

The jumping act made quite a hit with all those who were watching it. The little dog that made the leap was clever as could be. He'd leap right through the hoop and then he on his merry way again. Soon Clowny shouted to the crowd. "Now keep your eyes on me."

"I'm going to try that little trick. Of course someone may have to pick me up off of the ground, but I will do my very best. I'll run and leap right through the hoop and maybe do a loop-the-loop. 'Twill be a very clever stunt, if with good luck I'm blessed."

A dog then held the hoop out far and loudly shouted. "There you are." Was Clowny took a real long run and then he made the jump. He cleared the little hoop all right, but my, he was a funny sight. He landed on his feet and tumbled over with a thump.

One dog cried, "Gee, how well you do." "Oh, I know other good

stunts, too," snapped Clowny. Then he called the other Tinties to his side. To them he said, "We'll show that we can tumble 'round quite cleverly. Our dog friends will appreciate most anything that's tried."

"I'm game," cried Scouty. "I'll stand firm and if you promise not to squirm, you all can climb up on my shoulders. I am strong enough. Just take it easy for my sake. I do not want my bones to break. The act will be real clever if you do not get too rough."

He promptly spread his two feet wide. Then, "Allyoop!" he loudly cried. Two Tinties climbed right up his legs and on his shoulders stood. Then, while a roar went through the stands, another stood upon his hands. The Tinties liked the fine applause and one said, "Gee, we're good!"

(The dog put on a funny act in the next story.)
